

Proposal for a Course Distribution Scheme Based on DAO Involvement

This document proposes a structure for progressively distributing yoga courses based on the level of member involvement within the DAO. The objective is to reward engagement and provide a structured learning path.

General Principles

- **Progressivity:** Courses are unlocked in stages, starting with introductions and progressing to more advanced topics.
- **Involvement:** Access to higher course levels is conditioned by specific actions or statuses within the DAO. These criteria will need to be defined more precisely according to the DAO's operation.
- **Clarity:** The access criteria for each course level must be clear and understandable for members.

Involvement Levels and Associated Courses (Example)

Here is a proposal for structuring in several levels. The level names and exact criteria are to be adapted.

Level 1: Initiated Member (Basic Access)

- **Access Criteria (examples):**
 - Registration with the DAO.
 - Participation in a first governance vote.
 - Reading and acceptance of the DAO charter.
- **Accessible Courses:**
 - 00 - Darshan_D.yoga.pdf
 - 01 - Introduction.pdf

Level 2: Active Member

- **Access Criteria (examples):**
 - Regular participation in community discussions (e.g., forum, Discord).
 - Voting on a certain number of proposals.

- Holding a minimum amount of DAO tokens (if applicable).
- **Accessible Courses (in addition to Level 1):**
 - 02 - Indian_philosophy.pdf
 - 03 - Pantajalis_Yoga_Sutra.pdf
 - 04 - Purusha_and_Prakriti.pdf

Level 3: Engaged Member

- **Access Criteria (examples):**
 - Active contribution to a DAO project.
 - Taking initiative (e.g., organizing an event, moderation).
 - Significant seniority and continuous participation.
- **Accessible Courses (in addition to Levels 1 and 2):**
 - 05 - Yoga.pdf
 - 06 - D.____.pdf (Name to be clarified, potentially a specific topic)
 - 07 - Vrittis.pdf
 - 08 - Abhyasa_and_Vairagya.pdf

Level 4: Key Contributor / Expert Member

- **Access Criteria (examples):**
 - Demonstrated leadership in DAO projects.
 - Significant contributions with major impact.
 - Recognition by the community as an expert or pillar.
- **Accessible Courses (all courses):**
 - 09 - Kleshas.pdf
 - 10 - D.yoga_code__yama.pdf
 - 11 - The_consequences_of_Yama.pdf
 - 12 - D.yoga_code__niyama.pdf
 - 13 - Kriya_Yoga.pdf

Next Steps

1. **User Validation:** Discuss this proposal to refine the levels, DAO-specific involvement criteria, and course distribution.
2. **Definition of Technical Mechanisms:** How to verify involvement and grant access (e.g., Discord roles, smart contracts, dedicated platform)?
3. **Communication to Members:** Clearly explain the progression system to DAO members.

This scheme is a basis for discussion and can be adapted to best match the vision and operation of the "D.Yoga" DAO.
