
WHITE MIRROR EPISODE 8: D.KUNDALINI BOOM FADE IN:

EXT. FESTIVAL IN PORTUGAL - NIGHT - 2010 (Music is pounding at the festival. Monkey is dancing like crazy in the middle of the crowd. He's wearing glasses hanging from his T-shirt collar. First-person view from Monkey: the DJ stage and people singing appear blurry—Monkey is nearsighted.)

MONKEY (V.O.) Alright! When does the LSD start kicking in??? I'm having fun but I want to blast off...

(As soon as he thinks this, the subjective view—which was blurry—becomes ultra-sharp. Monkey's pupils dilate, filling his eyes with black. The whole scene slows down to 1/10 speed; only Monkey moves normally. He easily dodges the festival-goers dancing very slowly to get in front of the stage. Monkey dances at normal speed and screams with joy, but even the sound is slowed down.)

MONKEY (V.O.) Whoa so cool! Is everyone slow, or am I fast???

(At this thought, we hear Monkey's real breathing: his heart is beating at 200 BPM.)

MONKEY (V.O.) Oh shit...

WHITE MIRROR INTRODUCTION(Intro sequence for White Mirror. Background music by Loki. Overlapping audio messages vary by episode, e.g.):

- "YATTTAAA" (Hiro Nakamura from Heroes)
- "Power of the PEOPLE!" (In reggae mode)
- "I AM JEALOUS BECAUSE GOD gave man the choice to believe in him or NOT" (Angel)
- "It's a Revolution!"
- "billions of users"
- "government lose their mind" etc...
- "Lucy in Diamond in the SKYYYYY!"
- "...No records, since 1789...!!!"
- "Allah Wakbar, Allah Wakbar"
- Forgotten Paths (Choir)
- Forgotten Paths Artek version (choir)
- With great power comes great responsibility! (Peter Parker's uncle)

- One chance in a million to go out with you? COOOL I have a chance (Dumb and Dumber, Jim Carrey)
- What is money? (Child's voice)
- There is no spoon (The Matrix)
- What is war? (Child's voice)
- I invented this because it was a bit too boring otherwise...
- (Child's voice) I want to be a pirate!

(Background images synced with music. At the end, Yoda's voice: "Long time I have waited for this moment: the D.ream meets D.Truth.") (Final message: "Everything related is inspired by D.Truth, all characters are pure... divine... coincidence. The events have not occurred... yet. It's up to you to make those truths and nourish this peaceful dream.")

END WHITE MIRROR INTRODUCTION

SCENE 1: KUNDALINI AND POWERS EXT. CHINESE MOUNTAINS -

ANNOUNCEMENT + 25 (Music: "Thé à la Menthe" instrumental - La Caution. The scene starts in the Chinese mountains. Said and David are flying on golden lotuses, enjoying landscapes with modern homes harmoniously integrated into the mountains. Cut to them hosted by mountain villagers. Cut to Said checking direction on his bubble. They stop at the entrance of a cave in a huge mountain. The two teens get off their golden lotuses—a protective bubble deactivates—and enter. Music stops.)

DAVID This is where Sifu told us the temple is.

SAID I'm so excited!! I can't wait. We'll be able to become High Sadhaka.

DAVID Watch out for fame! Remember what Sifu said about pride and arrogance...

SAID Yeah I know, but I'm still super excited... Well, let's go... (Cut to them venturing up a staircase carved in rock, in a vast laser-carved corridor. Chinese-inspired motifs along the walls. They arrive in a huge dome-shaped hall with a ceiling set with deep blue glowing stones, creating a unique atmosphere with Chinese gardens. They enter the temple and find large anthropomorphic animal statues. The two approach Monkey's statue, wearing a hat. Said and David greet the statue with hands together in prayer.)

SAID Master Monkey, we have a question for you... (They wait; a holographic message forms like a comic bubble: "Greet truly, and I will speak to you...")

DAVID (smiling) Easy! I've got the answer, you get it? (He looks mockingly at Said.)

SAID (smiling back) Obviously! Who do you take me for? Count to three? (David nods.) One... two... Three!

DAVID AND SAID (in unison) Hari Om Tat Sat! ("This is the truth, Indian greeting" appears on screen.) (At these words, the statue activates, smiles, and looks at them.)

MONKEY STATUE Hari Om Tat Sat! What do you wish to know?

DAVID Tell us about Kundalini! We're having trouble understanding what it is...

MONKEY STATUE (scratching his head) Kundalini whoa?? You're already there in your studies... How old are you, 15?

DAVID AND SAID We're 16!

MONKEY STATUE Ah youth! I've heard of the first Kundalini, but what is it to you? Hmm, what's your DTC name? (He looks at David and Said.)

SAID The Blissful.X

DAVID D.Guardian.X

MONKEY STATUE (laughing) We have a D. among us, interesting... (The statue lights a holographic cigarette, exhales holographic smoke through the nose.) You want to know more about Kundalini... Hmm (scratching his head), how to explain simply. Pfff... First, what do you know about Kundalini??

SAID (amused, jumps in) To me, Kundalini is opening the 8th Gate in Naruto... It's the release of chakras, ultimate power!

MONKEY STATUE Naruto? I love Itachi!! That's an answer I like. (Smiles.) Since you know chakras, it'll be simpler. Take the 3rd chakra, Manipura chakra, it's the energy center of your body linked to digestion. (A holographic screen appears with a transparent human body and the 7 chakras lighting up in colors. Zoom on the stomach for Manipura.) That's why this chakra's element is linked to fire... Awakening Kundalini is truly using your full potential... which is INFINITE! And in Kundalini mode, don't worry, I can launch a KATON! (He puts index and middle fingers to his mouth and spits a giant holographic fireball.) (The statue laughs heartily.)

DAVID (astonished) Can you really launch Katon??

MONKEY STATUE Uh I don't know! (Laughs.) I suppose so... Back to Manipura chakra, you can compare it to a coal factory while Kundalini is like a super quantum nuclear fusion plant...

SAID The energy of Allah...

MONKEY STATUE Yup that's it, or Jesus, Krishna etc... But awakening Kundalini can take 50 years if you're lucky, even several lifetimes to awaken the Ultimate Serpent... (He sees the teens' disappointment.) And yup, Kundalini isn't a goal but a consequence of your spiritual practice, and patience is one of the necessary virtues. Gotta be patient, and above all strip yourself of the desire to obtain Kundalini...

DAVID (thinking) I see, I understand this sutra better: (He reflects a moment.)
Abhyāsa-vairāgyābhyām tan-nirodhah.

SAID (translating) Practice and detachment are the means to cease the fluctuations of the mind... That's sutra I.12... (He thinks.) That's exactly it! To awaken the ultimate serpent, you need the determination to practice without any ulterior motives, hence the absence of desire. It's hard to do... (He sits on the ground in front of Monkey.)

MONKEY STATUE (laughs) I see the Academy program has been through here.
(Smiles.)

SAID And you Monkey? (He looks at the smiling statue.) Did you activate Kundalini?

MONKEY STATUE (smiling) Yes... but by accident LOL! There's a master Yogi B.K.S Iyengar who spoke of a phenomenon he observed called the Flash. According to the guru, it happens that unawakened people experience the power of Kundalini. You can have a flash during relaxation, but most often flashes are due to taking powerful hallucinogenic substances, like LSD or mescaline for example...

DAVID I see, drugs can give you a glimpse of Kundalini...

MONKEY STATUE Correct Sir! So it's a shortcut to try to reach divine powers... But for a mind unprepared physically and mentally, it's extremely likely to go mad or worse... commit suicide... That's why for Iyengar-sama, yoga is the safest method to reach awakening.

SAID Did you have many flashes Monkey?

DAVID Did you go crazy or (laughing) did you kill yourself?

MONKEY STATUE (smiling, takes a drag from his cigarette and exhales smoke)

Yeah, I had a few yeah The Blissful.X... And to answer your question Guardian, (He takes another drag, exhales through his nose, removes his hat and smiles even wider.) BOTH... Anahaha!

END SCENE 1

AD 1 (Music: La Marseillaise instrumental.) **VOICE OVER** In 2007 Taggle released Ifone! Steve Blow introduced the smartphone, a real revolution... that would change our lives. (Images of Steve Blow presenting the device. Graph of Ifone sales, people using Ifone worldwide.) But over time the Taggle revolution turned into re-editions. (Different Ifone models scroll: from 1 to 32, named LGBT + NoBIfone 32.) And the world lost more and more interest in smartphones... no model standing out... (Holographic chart of Taggle's board dropping drastically over time.) Fortunately over 20 years later, the Dream Truth Community is proud to present the next revolution that will still be going in 1000 years! Ladies and gentlemen, I have the honor to introduce... (Countdown from "Ladies and gentlemen". At 0, starry transition.) **MONKEYZ SHOES!** (A pair of transparent slippers appear, taking the color of Nique Air Jordan shoes with a monkey silhouette logo.)

VOICE OVER Monkeyz aren't just for aesthetics, though you can choose any shoe type. Thanks to polymorphic material developed by DTC research centers. (Animations of shoe blueprints, robots working on polymorphic gel, shoe changing from boot to sandal.) But its primary purpose is to generate energy!!!! (Hiker; shoes highlighted generating energy with each step.)

VOICE OVER With each step our walker emits waves captured by Monkeyz. (Schematic vibrations turning into electricity with a flash.) Not only does it recharge all your devices. (Devices like watches, smartphones, frontals highlighted recharging—note his jacket is connected.)

VOICE OVER And it allows storing energy or emitting it into the etheric network. (Camera zooms out; shoe emits energy toward an etheric antenna on a cathedral, transmitting to a city.)

VOICE OVER To provide you with the freest energy POSSIBLE!! (Cuts to Japanese metro, Parisian metro, trekkers in Nepal; people walking and emitting energy worldwide.) (French revolutionaries with tricolor flag shoes representing a shoe, arms linked, advancing toward the Bastille.)

CHOIR GROUP (singing La Marseillaise) LET'S WALK, LET'S WALK... SO FREE ENERGY... WATERS OUR FURROWS.

(Message: DTC's MONKEYZ Shoes: SOON AVAILABLE FOR FREE.) **END AD 1**

SCENE 2: BOOM FESTIVAL (Music: "L.S.D." Hallucinogen. Monkey's narration.

Monkey in his 20s with a hat dances like a devil under a huge colorful tent in the middle of the night.)

MONKEY (V.O.) At that moment I was so wrecked I was in ecstasy from the music, I felt like I was merging with the music, my stomach the drums, my heart the cymbals... (Monkey ecstatic in his imagination, dancing in the middle of the universe like an Indian god.) I had awakened Kundalini without knowing it. (Music fades; another starts: "Döndürüyor - Anatolian Sessions Remix". Cut to Monkey in another tent listening calmly, suddenly looking at the participants.)

MONKEY (V.O.) That's when the MDMA kicked in, suddenly I felt like entering a very comfortable bubble of warmth, and suddenly I started looking at the people around me, and besides Rooster and Birdy... (Rooster and Birdy dancing in trance nearby.) I felt like I recognized everyone. (Monkey greets those around him; they turn and hug him. Cut to Monkey smoking a cigarette by the lake, near a huge outdoor speaker, staring at the moon with a smile. Close-up on Monkey's face.)

MONKEY (V.O.) Man I love my life right now... Thank you... (Smiles.) God.

MONKEY (V.O.) Weirdly it was when I thanked God that it started! Karma??? (Music: "Aboriginman Azax". Cut to the outdoor pit; Monkey and the huge crowd go wild, then scream in unison in a deafening noise.)

CROWD YAHWE YAHWE!

MONKEY (screaming, arms in the air) YAHWE YAHWE! (Sound rises like at 1:20 in the song; Monkey paralyzes and falls like a dead weight on his back.)

MONKEY (V.O.) BOOM. (Vision of space: Monkey's thoughts traveling among planets at full speed, stopping at Saturn. First-person view, stationary facing immense Saturn.)

MONKEY (V.O.) thought mode WHOOOAAAA! It's beautiful... I could... stay... here fore...ver... (The image blurs at the bottom right, slightly reddening—like the nose region.)

MONKEY (V.O.) thought mode That was... What... pain??? Pain... coming from my... nose???? NOSE??? ... MY body, BREATHE, oh shit I have to breathe!!!!!! (Camera reverses the path at near-light speed back to Earth; Monkey half-wakes up at Boom Festival!!! Radiohead music ends.)

MONKEY (waking up as if adrenaline-pricked) OUUUUHHHHH! (In front of him, a friendly hippie festival-goer holds a lit incense stick near his nose, then removes it.)

FESTIVAL-GOER (reassuring) Welcome back my friend, I've used this (shows incense) to wake you up! (Monkey realizes and says:)

MONKEY Thanks friend you saved me!! If you hadn't put that incense in my nose, I'd be dead AHAHHA! (He keeps laughing.)

END SCENE 2

AD 2: DROGAYMON (Music: Drogaymon theme. Brother and sister dressed as Pokémon trainers rush into a forest. Holographic timer on their caps: TIME LEFT TO VALIDATE QUEST 00:25:45 (...44). Holographic Drogaymon chase them.)

DROGAYCHU (like Pikachu) Drogay! Drogay! **DROGBIZARRE (like Bulbasaur)** Drogbizarre. (Forest path leading to a family farm entrance. They arrive at 00:20:32; timer disappears after "ARRIVAL". Old man Eugene in the vegetable garden, old lady Gertrude watering plants.)

BOY (out of breath, gets off bike dropping it, takes out a secure box; his sister does the same) GRANDPA GRANDMA, we have the PORCINI!!!! We found over 3kg with Elodie ahahah. **ELODIE (all smiles)** We struggled, luckily Drogby (Drogbizarre says: Drogbizar!) used his find-edible-plants power!! It was so cool we saw rivers and also tracked a big Drogaymon Pedobear guarding nice Drogayland inhabitants... (Flash: Drogaymon children attack holographic Pedobear in a cave; in the background 5 holographic children gagged and tied. Holographic timer shows 03:43:22.) It was SUPER!! Drogaychu is so strong!!! We earned lots of XP!!! My Drogaymon will be stronger! YAY. (Eugene takes the box, opens it to see the porcini. Gertrude approaches Elodie, gives her a kiss, pats her head.)

GERTRUDE I'm very happy for you, my child... You bravely completed your quest to bring mushrooms. There's still work... (Kids disappointed.)

EUGENE (with beret) Don't worry Gertrude, I'll ask KarmaBot to do it. (Robot activates, takes the box.) KarmaBot, take care of the porcini please... (Walks toward

the kids.) Want a little Drogaymon duel with your grandma and me? (Winks.) If you lose, you go 3 days fishing WITHOUT DROGAYMON okay? (Kids horrified.) Wait... Kids, if you win, grandma and I have two PLATINUM Drogaymon to give you. (At “platinum”, kids excited.)

BOY PLATINUUUUUM??? That means you won a National Championship??????
YOU'RE SO COOL!!!! With a card like that, everyone will fear me in arenas... (Takes a Gold Drogayball from his belt—six balls, others red. Looks at his ball.) Dracofou... Can we win against national champions?..

EUGENE (removes his jacket, revealing two cross belts with 60 multicolored Pokeballs; takes a red Drogayball) I'll use MageekCarp! (MageekCarp appears: Mageekcarp Mageekcarp.)

GERTRUDE (with violet Drogayball, releases Abra the psychic Drogaymon) And me ABRA! What do you say?? Oh yes, if you lose you'll also have to take care of egg and strawberry harvesting for a week... (Boy and sister look at each other, determined.)

BOY AND ELODIE (in unison) WE ACCEPT THE DUEL!

(Camera zooms out on the group preparing for the duel.) **VOICE OVER** Have fun with family with Drogaymon on D.reamstation, available to DTC members... (Drogaymon logo appears with FREE in large print.)

VOICE OVER Dreamstation (Logo styled like PlayStation with a D instead of S.) **END**
AD 2

SCENE 3 (Music: “Paranoid Android” - Radiohead. Boom Festival afternoon. Monkey only in shorts, sitting with a shaman, an African sorcerer, and a Buddhist monk. Monkey holds a cup of tea, looking completely blissed out. Shot of Monkey's face looking at his companions.)

MONKEY (V.O.) thought mode What am I doing here? That's a shaman (Shaman in traditional attire chanting in his language)... He seems cool... What am I doing here? Already (Sorcerer plays didgeridoo; monk takes out his bowl.) Oh shit it's going off the rails, I gotta get out... I need to find... ROOSTER. (Monkey stands up.)

MONKEY Well bye guys, it was a pleasure. (Monkey walks along the path bordering the lake, staggering, struggling to balance; scorching sun above the lake.)

MONKEY I need to find... ROOSTER, I need... to go back to the campsite. (Sees a sign, approaches within 2cm to read; clearly high.) 8.5km... oh shit... find ROOSTER. (Monkey resumes the road but collapses exhausted from the heat. Fade to total black.)

MONKEY (superhuman effort) I... NEE...D... ROO...STER!! (Everything black; a light appears in the distance. Subjective view: Monkey's right hand rises toward the light... Cut to Monkey crawling on the path. Festival-goers help him sit on a rock, give him water. Monkey drinks the bottle, visibly revives.)

MONKEY (weak and broken voice) Thank you... Tell me, which way to the campsite?

FESTIVAL-GOER You sure you're okay? We'll go together to find some friends Bros... Take your time.

MONKEY (exhausted) Thanks! I'll rest a bit in the lake... (He heads to the lake and sits like a mass in water up to his chest.)

MONKEY (V.O.) The comedown was beginning...

(End music. Cut to a camper van; Monkey lying on the bed, feverish. Birdy applies Tiger Balm while Rooster prepares ramen.)

MONKEY (drowsy and weak) Thanks Birdy... I... I can't move a muscle... Tiger Balm feels good...

BIRDY It's nothing don't worry, (she gets angry), but you worried us, damn Jimmy Dukovitch! ONE DAY YOU DISAPPEARED, ONE DAY we were scared to death! And this morning you come back naked like nothing happened... Damn Jim don't do that again...

MONKEY Sorry...

ROOSTER (cigarette in mouth) And stop with your "SuperMan" delusion, you're just a guy a bit too high that's all...

MONKEY Yeah sorry... I'm in control now...

ROOSTER (preparing the sauce) Alright okay... (Sigh.) I'll make your food, rest meanwhile.

MONKEY Yeah thanks, I'm in control now... I'm in control now. (He gently closes his eyes.) (Cut directly to Monkey at 10,000 meters altitude flying supersonic through clouds—music Jimi Hendrix "All Along the Watchtower".)

MONKEY Whooooaaa!

BIRDY (calling him back to reality; we see her in front of Monkey smiling eyes closed) JIM!!! You seem to be tripping again. (Monkey reopens his eyes.)

MONKEY (smiles) I'm in control now...

END SCENE 3

AD 3 VOICE OVER Tonight on TFR at 9:10 PM. (TFR11 logo appears.) HDBIL. (Series logo appears.) In this episode, our favorite genius French cleaner will clean at the CRN, working on the particle accelerator... (Woman sweeping at CRN labs, drops an Einstein relativity book, starts reading it.)

WOMAN (V.O.) It's me Morgane, who's understanding Einstein's theory... Actually I realized it's WRONG... (Cut: Woman explaining to stunned scientists on a blackboard with formulas that $E=MC^2$ is wrong. Cut to Morgane as a cleaner on black background with HDBIL logo.)

MORGANE (V.O.) That was a hell of a thing, LOLEUH... To find out what's next, join us at 9:10 PM exclusively on TFR11 and TFR11.fr ...see you tonight. (TFR11 logo) **END**

AD 3

SCENE 4 (Music: "I Might Be Wrong" - Radiohead. Two weeks after Boom Festival... We find Monkey at Wolf's Paris apartment, 50m², chatting intensely with Wolf.)

WOLF If everything you saw is true, that would mean you're a real genius... (Monkey just smiles.) Yeah but something bothers me, for example the 1000 years of terror you reference Asimov's Foundation. Don't you think everything you experienced comes from all your reading, video games, and movie influences??

MONKEY (becoming serious) That's a possibility... but well.. That's it. Meanwhile let's get a kebab and then play Red Dead Redemption?? (Wolf smiles and turns on the PS3... Cut to a succession of scenes.)

MONKEY (V.O.) I stayed at Wolf's for a month... and despite my friends' worries about my lucidity... (Monkey gaming on PS3, amusing himself killing a nun who asks for help.) I kept living with awakened Kundalini... (Monkey in Japanese kimono and hat at the ATM, manipulating to see his account.)

MONKEY (V.O.) thought mode COME ON IT HAS TO WORK! COME ON.

MONKEY (V.O.) thought mode I HAVE THIS POWER TO CREATE MONEY.

(Flashback to Portugal: Monkey at a party in front of a stage, wanting to buy a honey cake from a festival-goer.) **FESTIVAL-GOER** 26.

MONKEY (completely high, hat completely crooked) Hehe I'll take 10! (Smiles stupidly.) You take card ahaha? (She says no; Monkey looks for his wallet...) Ahahahah I don't have my wallet ahaha?? Well gotta find some cash ahahhaah! (Close-up on Monkey's pockets; he puts hands in and they seem to fill with coins. Monkey takes out piles of coins to pay. – we hear him say: "HERE" End flashback; (back at ATM, Monkey sees the account unchanged.)

MONKEY (V.O.) thought mode NOOOOOOOO ! Still the same AMOUNT! NOOOO and NOOO, what I lived wasn't a DREAM... (He puts his card away, throws receipt in rage, passes a tree, prepares his fist.)

MONKEY (screams) WHAT I LIVED WAS REALITY!!!!!! (At "reality", he punches so hard he bleeds.)

MONKEY (holding his hand) DAAAAAMMMNNN ! (He resumes his path back to Wolf's.)

MONKEY (V.O.) I was truly desperate, what I experienced couldn't be forgotten like this... but reality was catching up and sometimes escaping me... (Monkey alone with a joint, talking to Jim Morrison on screen.)

MONKEY I knew you weren't dead JIM.

JIM MORRISON (on screen, smiling) You're not wrong JIM. (Winks; both laugh.)

MONKEY (V.O.) Chaos reigned in my mind, I no longer knew what was real or unreal.

(Cut to Monkey trying to sleep but crying, tossing and turning... He half gets up.)

MONKEY (talking to himself in a loud whisper) YOU'RE ALL REALLY MOCKING ME, REALITY is SHITTY, that's HOW IT IS... I'll have CREATION POWERS? AHAH (ironic laugh)! BULLSHIT WHAT!! YOU WANT A DREAM? WELL I'LL DREAM OF A WORLD of multicolored parrots traveling with flying dolphins! HERE'S MY DREAM! (He lies back down.)

MONKEY (V.O.) And the next day...

(Cut to Monkey standing playing Mario Galaxy on Wii: Mario explores an island, meets a multicolored parrot flying with flying dolphins.)

MONKEY YOU'RE SERIOUS??? (He throws the Wii remote and cries)

MONKEY (V.O.) All this was starting to drive me crazy...

(Cut to Monkey under the fold-out bed blanket at Wolf's, curled up, terrified.) **MONKEY** SORRY SORRY SORRY SORRY SORRY SORRY SORRY...

MONKEY (V.O.) I was in total confusion...

(Cut to Monkey sharing bed with Wolf; empty pizza boxes. Monkey hides his frustration, lying on his side.) **MONKEY (V.O.) thought mode** I'M GOING CRAZYYYYY, I'M GOING CRAZYYYYY! I'M IN HELL, I'M IN HE... (Wolf, seemingly asleep, puts a hand on Monkey's shoulder. Monkey bites his lips not to cry.) **MONKEY (V.O.) thought mode** THANK YOU...

MONKEY (V.O.) Without my friends' support I wouldn't have made it... (Cut to Wolf's apartment; Monkey leaves with his backpack for the metro station.)

MONKEY (V.O.) After a month I understood it was no longer time to live at Wolf's, I had to go back to my mom's... I wasn't well mentally at that time... (Wolf helps Monkey head down to accompany him to his mom's; they pass where Monkey punched the tree. A post replaces the tree. Monkey briefly looks at the post.)

MONKEY (V.O.) THERE WAS A TREE... No give up JIM, reality is here.. Forget! (They enter the metro, get in the car, sit on flip seats. At the beeping doors, an individual resembling Morpheus from Matrix (crocodile suit, black leather coat, black glasses) enters, stares intently at Monkey, sits across.)

WOLF Dude looks like MORPHE...

MONKEY (cutting him off sharply) SHH, not my problem. (He lowers his eyes, gets up with Wolf, changes seats turning his back to Morpheus. Close-up on Morpheus watching Monkey, slightly smiling.) **END SCENE 4**

AD 4 (We see Marc in a local garage—sign says DT certified—talking with a mechanic; image freezes.)

MARC (V.O.) Before the announcement the conversation would have been like this.
(Image resumes.)

MECHANIC ... That'll be €3800 labor and oil change included...

MARC 4000 bucks?? No way I really don't know much but don't take me for a fool! (He leaves; image freezes, rewinds.)

MARC (V.O.) And now the conversation is...

MECHANIC ... And there thanks to this race in DTRismo, I earned 3800 \$D.Flows roughly 10,000 old €... I love this car game!!

MARC (V.O.) Don't tell me! I suck at this game, I'm from the old generation where I still played with controllers!!! (They laugh.) So is the car repair done? (Mechanic checks holographic interface.)

MECHANIC Hmm in 5 minutes, which leaves us time for DT KART!! (We see them running to play outside.)

FEMALE VOICE OVER These are the scenes we'd like to see more in our lives. We The BDC, the first decentralized bank, bring you a world of real financial freedom.
(BDC logo with Decentralized Central Bank.) BDC, For a world reset!

END AD 4

SCENE 5 FINAL (Portugal Boom Festival. Monkey with hat at a tent entrance. First-person view, he walks. Suddenly, he stops.)

MONKEY AHAH BUT I UNDERSTOOD FOR REAL?? AHAHAH! IT WAS SO SIMPLE!
(At these words, all festival-goers turn simultaneously with a knowing smile; music stops.)

MONKEY (seeing the crowd looking at him) GOD it's ME AHAHAH! (The crowd cheers. Cut directly to Monkey in the center of an empty black room; installations gone. Only a spotlight lights him.)

MONKEY (talking to himself) In the beginning there was... NOTHING, so I started by creating the Ground (sits down; stone ground forms under him)... After I got bored after 150 years and started walking, grass created itself to have some softness for my feet... (Nature creates itself as he walks.) Then... (Points finger at the lake in the distance.)

MONKEY (V.O.) I could think as JIM but it wasn't me speaking. (A mountain forms with his fingers.)

MONKEY (talking to himself) I created the mountains...

MONKEY (V.O.) I was in total panic I couldn't control my movements and words.

(Monkey approaches the lake, continuing to talk as if to a camera. Camera close-up on Monkey) **MONKEY** So life is a game, created by your humble servant God, and the deadliest thing is its price is derisory. The game of life (looks at camera as if giving a DVD): ONLY 19,998. (Smiles and laughs.) AHAHAHAH!! (He walks, stops before the lake and the full moon.)

MONKEY (talking to the moon) AHAH I'm God, I'm immortal, I'm all-powerful! Ahah... (Suddenly worried expression.) Wait, if I'm UNIQUE THAT MEANS EVERYTHING I CREATED DOESN'T EXIST!!!! ... I'M ALONE FOREVER...

NOOOOOOOOOOOOOOOOOOONNNN! (Monkey makes a Desert Eagle appear in his right hand and shoots himself in the head; he collapses.) **END SCENE 5**

MUSIC: "EXIT MUSIC (FOR A FILM)" - RADIOHEAD END CREDITS (On a small 90s TV screen, 90s-style video: character from behind with cap on deckchair in the lake, a labrador licks his palm. Monkey pets him... (camera zooms out from the TV, the rest is in darkness... suddenly a light turns on revealing a cinema room in the foreground of the screen...)

-RICK AND MORTY INTERVENTION-

Rick (from Rick and Morty) enters the room before the episode image. Dressed as Monkey from the suicide scene with a Desert Eagle, makeup half-exploded head with message "I AM TOO WEAK TO BE GOD". Servietsky is sitting with his back turned, watching the cinema screen.)

RICK (with alcoholic cinema soda, burps) 'S good here Morty, burpppp, this is where to watch the Boom episode...

MORTY (following him, dressed as Monkey with T-shirt and hat) Are we seeing Katty???

RICK No little idiot...burp calm down (looks at screen) Rahhh we missed it MORTY, it was one of my favorite White Mirror episodes. (Angry, he sees Servietsky's smoke laughing stupidly; Rick goes to sit next to him, Morty follows.) SERVIETSKY!! Pass the

joint, we'll watch the next one, it's one of my favorite episodes, might be better than my bathroom episode buuurp (burps). (He takes a big drag from the joint Servietsky passed him) "Wubba Lubba Dub-Dub"

SERVIETSKY Damn I'm so high guys.

FADE OUT. END OF EPISODE
