

The episode *D. Taste of Truth* kicks off in 2020 Bali, where Monkey hilariously endures lockdown with Tim in a paradise villa. Their routine blends with futuristic concepts like \$D.Flow and \$Nasi Token (\$NGT), a revolutionary currency from the Dream Truth Community (DTC). Putu, a Balinese farmer, shares his *Tri Hita Karana* dream and \$NGT's triumph over pandemics. A wild fake ad with Hana and an epic Action Man adventure add craziness. Eight months after a global announcement, French chef Philippe Etchébouze, seeking redemption, feasts in Burkina Faso with villagers, forgiven by President Ibrahim Traouré in an emotional banquet. A post-credits scene with Hana and a mysterious artifact hints at more to come.
