

**Title: Taste of Truth**

**Scene 1: Introduction - Lockdown in Bali**

(Narration, epic tone)

July 2020, humanity bends under the yoke of the global lockdown! But in Bali, a hero named Monkey defies fate in a paradisiacal villa facing the sea, a sanctuary in harmony with nature!

(Monkey, wearing a legendary hat, steps out of an open shower under a spectacular sunrise. He lays his yoga mat in the lush garden near the pool and begins a sage-like yoga session.)

**NOTE FOR ALL WM: MONKEY ALWAYS WEARS HIS HAT OR IT'S VISIBLE NEARBY!**

**Monkey (voice-over, heroic tone)**

This is how I survived the lockdown, my friends!

(He prepares a morning feast with exotic fruits and muesli, eating with a triumphant smile overlooking the ocean.)

**Monkey (voice-over, laughing)**

Admit it, there are worse dungeons! Why am I stuck in Indonesia? An epic too long to tell...

(He finishes his bowl and coffee, rising with determination, checking his phone: 5:30 AM.)

**Monkey (motivating himself, fist raised)**

Tim's out cold for three more hours! I'll walk the dogs and jot down my yoga philosophy lessons.

Glory awaits him at dawn!

(He strides off with the dogs in style.)

**Monkey (voice-over, narrating like a bard)**

Tim, my French battle-brother, met a month before the pandemic during an epic dive in north Bali! Unemployed instructor, he swore never to return to France. He snagged this palace via Facebook from a wealthy Aussie seeking two guardians for her villa and four royal pups!

(Tim emerges from his king-size bed, groggy, and stumbles into the garden where Monkey reigns in a cross-legged pose on a deck chair, facing the sea and pool.)

**Tim (hoarse voice, pirate-style)**

Yo, MONKEY JIM, my captain! How's it going, mate? Dogs walked and fed?

**Monkey (proud)**

Yep, my "little yogi" routine is done, my man!

**Tim (shocked)**

Since when have you been up?

**Monkey (winking)**

5:30 AM, brother!

**Tim (outraged, gesturing wildly)**

WHAT?! The world's on pause, and you're up earlier than in Paris? We crashed past 2 AM!

You're no human, you're a yoga mutant!

**Monkey (about to reply)**

Uh...

**Tim (cutting in, laughing)**

Yeah, yeah, I know, it's yoga blah blah! You nag me nonstop. I like it, but headstands or camels? I don't see the point...

**Monkey (grinning, teasing)**

OK, I'll zip it, or you'll cry yoga propaganda! So, afternoon plans? Diving? I'll call Komang for a boat!

**Tim (dramatic sigh)**

I'd love to, but cash is a disaster! Gotta tighten the belt... feels like France, always saving! Ironical to flee that and land in the same mess!

**Monkey (thinking)**

Hmm, maybe a sign. Those dive tanks are rusty—near-fatal aquatic adventure material!

**Tim (nodding)**

Yeah, no tourists, everything's dead. We'll skip. I'm off to Jean's; he's crafting a badass bread oven!

**Monkey (hesitant, then hyped)**

Dunno... thought I'd reboot *Fallout New Vegas* on my PC, geek out like a boss... (Tim glares)  
Nah, kidding, I'm in for Jean! Missed the berry pick for "COVID vintage" last time—that taste haunts me here! Let's build that oven! Want food first?

**Tim (excited)**

Yeah, a nasi goreng, please!

**Monkey (yelling joyfully)**

NASI GORENGGGGG! MAKAN DULU, BROTHER!

## Scene 2: White Mirror Introduction

(Epic *Loki* music floods the screen, a blend of mystery and triumph. A cascade of audio snippets erupts, each with unique energy:)

- "Famine in the country..."
- "Joel Robuchon: bon appétit bien sûr!"
- "It's a REVOLUTION!"
- "Billions of users!"
- "Government lose their mind!"
- "This is NOT FOOD!" (Gordon Ramsay, furious)
- "...No precedents since 1789... !!!"
- "(Official voice): Eat healthy and balanced!"
- "Burger King!"
- "Good appetite!"
- "Bon provecho!"
- "Kampai!"
- "What's money?" (innocent child's voice)
- "Always Coca Cola!"
- "What's war?" (same voice, curious)

- "What else?" (George Clooney, suave)
- "I wanna be a PIRATE!" (child's voice)

(Synchronized images flash: cheering crowds, futuristic landscapes, bursts of laughter, all dancing with the music.)

(Yoda's voice, solemn and wise, closes the sequence)

"Long time I have waited for this moment: the D.ream meets D.Truth!"

(Final message in glowing golden letters, vibrating with hope)

"Everything related is inspired by D.Truth, all characters are pure... divine... coincidence. The events have not occurred... yet. It's up to you to make those truths and nourish this peaceful dream. White Mirror intro."

### **Scene 3: Fake Ad - Hana and D.Flow**

(Pastel-lit futuristic world, trees pulsing with energy. Hana, a sparkling-eared DUDU rabbit, floats like a child goddess, surrounded by holograms of gardens, solar farms, and joyful communities. She addresses a curious group with a warm, teasing voice.)

#### **Hana (playful smile, ears twitching)**

Hi, future pals! I'm Hana, from a world where hearts shine like suns! Remember me? The little Hana from last episode, who dozed off—SO CUTE, right? Hihi! I'm 4.5, from YOUR future, you 2020 "smart ignorants"! Over 200 years ahead, straight from 2220, ahah! So, I'll tweak my talk for you, hihi!

(She giggles, then turns earnest with a mischievous glint.)

#### **Hana**

OK, no more teasing, promise! Let me spin a magical tale: \$D.Flow and \$D.Worth, energies linking our souls to Esentya! Ready? Jump in my burrow! (She hops, a golden river hologram, \$D.Flow, appears.)

#### **Hana**

First, \$D.Flow! Picture a pure energy river, like love or joy overflowing! Give a piece of yourself—a bright post, a heart project—and it turns to \$D.Flow! Like a drop in the river, and boom, it glows! (Hologram shows drops lighting the river.)

#### **Hana (winking, cheeky)**

But it don't sit still! Part of your \$D.Flow flies off—pouf!—in a cosmic burst. We call it "burning." Why? Makes it precious, like a rare star! (Sparks rise to the holographic sky.)

#### **Hana**

The rest? Becomes \$D.Worth, your soul gems! Star medals, bound to you forever—"soulbound," untradeable! They tell your epic: help, create, love! (Golden pulsating gems dance around her.)

#### **Hana (bouncing, excited)**

With \$D.Worth, you rule Esentya! Vote for wild dreams: gardens for all, solar farms that light hearts! More you shine, more we trust you! (Holographic garden grows, people laugh under solar panels.)

**Hana (mysterious)**

And the best? It flows between worlds via magic bridges—rainbows between blockchains! Your \$D.Flow grooves on Solana, then joins Cosmos with \$D.Worth! All connected, like us! (Rainbow links two planets.)

**Hana (sparkling, leaning in)**

So, pals, join the dance! A drop of energy—a post, a smile—and you're in Esentya's river! Your \$D.Worth are your stars, and together, we build an EPIC world! Who's in? (She winks, showering sparks, the group bursts into laughter.)

---

**Scene 4: Bali and the \$Nasi Token**

(Znews flash: a glamorous blonde anchor appears on screen.)

**Anchor**

Ladies, gentlemen, transgenders, and non-binaries, good evening! It's January 27, 20XX, and the top story: a terrifying new pandemic strikes the world! The OGS—Global Health Organization—declares: "Worse than the previous COVID!" Governments are panicking... (Cuts to global journalists shouting "COVID-29!", then an Indonesian reporter. Camera pulls back to a holographic screen in a Balinese guesthouse. A local family laughs uproariously, carefree, preparing a feast with Rooster aiding elders. French friends enter: Froggy, Phalouss, Birdy, Wolf, Monkey, Rooster.)

(Birdy cranks the music, Phalouss films with DTCam glasses. Wolf, Froggy, and Monkey devour sate with Putu, the family head.)

**Putu (chewing, laughing)**

Ahahaha! Another pandemic, ahaha! Every ten years now, ahaha!

**Wolf (laughing, Bintang in hand, mimicking Mr. Burns)**

Hehe! Doesn't faze you, Putu! Excellent! My diabolical plan unfolds... as planned! Hehe!

**Monkey (mouth full, mimicking Homer)**

OUIH, darn it, MIIISTERS BURNS! Hide, Homer! I should be working... eating donuts, hummm, DONNUUUTS! (He drools exaggeratedly, tongue out.)

(Group explodes in laughter.)

**Froggy (booming voice, breathless from laughter)**

Oh man, haven't laughed this hard in ages! Feels GOOD to be FREE, you get me?

**Wolf (raising his beer)**

AMEN and CHEERS to all!

(Group, minus Wolf who sits, dances with kids. A D.Ttok live streams, linking African kid holograms. Music fades for Monkey's voice-over.)

**Monkey (voice-over, triumphant)**

Back then, our community had steel foundations! We built a decentralized media network, thanks to you all! Uncensored reports by our DreamTruth journalists, pure gold! And our masterpiece: the \$Nasi Goreng Token (\$NGT), tied to food! So, a pandemic? We don't give a damn! (Festive images fade. Cut to Froggy interviewing Putu, holographic masks on their faces.)

**Froggy (solemn)**

Welcome, dreamers! I'm Froggy, anonymous Gaulish Dtjournalist of DTC! (Hologram: "Froggy ??? – Sadhaka score: 10.250.000 \$D.Worth, Padawan level required for more info.") You're on *Monkey's News*, the epic truth journal! Today, in Bali's Monkey Forest, with a legend: Putu!

**Putu (meditating, in Balinese gear, glowing under a bright sun)**

Pagi, friends! I'm Putu, 33, pure Balinese! (Hologram: "Putu ??? – Sadhaka score: 6.550.000 \$D.Worth, Padawan level required for more info.") Anonymous Dtagriculteur, DT dream: "Food for all," and \$NGT boss in Southeast Asia! Thanks to Dream Truth Community, Monkey, and Gorilla for their genius and patience. We live wild dreams, free and joyful! Thrilled to be with you, Froggy!

**Froggy (grinning)**

My pleasure! "Living wild dreams"? That rocks! What's your dream, maestro?

**Putu (smiling, inspired)**

**Tri Hita Karana!** Our life philosophy, the THREE Harmonies:

- Harmony among people!
- Harmony with nature!
- Harmony with God!

Thanks to DTC, it shines from Bali to the world! \$NGT frees us from dollars and IDR, from tyrannical central banks! No more lousy Grab or Uber gigs. Now, we work for our families, self-sufficient, sovereign! (He closes his eyes, moved.)

**Froggy (after a respectful pause)**

Tri Hita Karana, like yoga or Buddhism... In Bali, you feel that divine nature vibe. In the West, we're disconnected, and \$NGT's alien. Spill more!

**Putu (passionate)**

I quote Monkey, the boss: "\$NGT's a currency tied to food, not gold or oil!" Genius, right? Soon, 1\$NGT = a nasi goreng anywhere! Imagine, I hit Strasbourg, 6\$NGT = a choucroute—6 nasi goreng, Monkey swears it's good!

**Froggy (laughing)**

Wild! We'll invite your family to taste. But \$NGT's a challenge! It'd shake agro-industries, and governments hate losing food control. How'd you launch it?

**Putu (laughing)**

At first, I was lost, but DTC's platform is the dreamers' U.N.! Everyone joins, and it matters! When Monkey and Gorilla pitched "Free Food for All," I jumped in. Started with two warungs, 50 Balinese, and boom, in ten months, \$NGT ruled Indonesia—farmers, fishers, robots, all in! (Epic scenes: robots and humans harvesting in sync.)

**Froggy (impressed)**

Whoa! But struggles, I bet?

**Putu (warm laugh)**

Oh yeah! My grandma, especially! Elders, not web-savvy, struggled. But DTC's platform was so clear, even Balinese from 7 to 777 got it! (Scenes: elders cooking with robots, playing tag via Dreamstation.) It's like WhatsApp, but you're paid to work, not watch ads!

**Froggy**

Security? Newbies fear web 3 scammers.

**Putu (laughing)**

Oh, they're everywhere, especially Bali! The Canggu crypto bar? Avoid it—scam central stealing hard-earned cash! But Gorilla, what a genius!

**Froggy (smiling)**

DTC's brain, yeah! What'd he do?

**Putu (thinking)**

He coded *Tri Hita Karana* into blockchain! D.esentya's nearly unbreakable.

**Froggy**

Nearly?

**Putu**

Yeah, zero risk ain't real. But we ain't scared: it vibes with the Divine. In Bali, no vacations, just ceremonies for *Tri Hita Karana*!

**Froggy (laughing)**

Worked with Balinese, you've got tons of feasts! I thought it nuts to spend time and cash on that. EX-French, I'm still skeptical. Faith secures? A scientist'd scoff!

**Putu (smiling)**

I ain't a scientist, but they're smart. Before DTC, I didn't get planning. Now I do, but we live the now—past and future, who cares!

**Froggy**

True, we Westerners obsess over tomorrow. The Announcement's changing that, but work remains! Security holds?

**Putu**

Hell yeah! Karma Police patrols net and streets. My mom's a commissioner, and it's genius to self-govern! (Scene: mom fetches kids with a robot.)

**Froggy**

Security by the people!

**Putu**

Exactly! It spots suspects, guards our homes, and we're paid in \$NGT—always a nasi goreng! D.esentya scores TruthID weekly.

**Froggy**

Awesome! If I'm a scammer with fake TruthIDs, it catches me?

**Putu (nodding)**

Yep, and your scams get torched! Gorilla's a god!

**Froggy**

Member Gorilla?

(Silence. Then:)

**Froggy (listening to his earpiece)**

Gorilla's out. D.IA Nemesis?

(A warrior goddess hologram, Nemesis, rises from a smartphone on Froggy's seat.)

**Nemesis (commanding voice, note: "D.IA Nemesis, Karma Police Chief")**

At your service. What's your wish?

**Froggy**

How do you handle scammers?

**Nemesis**

Punishment fits the crime: rank drop or TruthID deletion. We give second chances.

**Froggy**

Thanks, Nemesis, you're dismissed.

(Nemesis vanishes.)

**Nemesis**

May justice guide you. Hari om tat sat.

**Putu and Froggy (hands joined, respectful)**

Hari om tat sat.

**Froggy (laughing)**

Putu, interview's hitting its "hunger," haha! Thanks, busy, I bet?

**Putu (smiling)**

Cool! Yeah, but you're in Bali, enjoy! Thanks, Froggy, and *Monkey's News* team. Surprise: my wife cooked a 30-person buffet, 15\$NGT!

(Servers unveil a lavish spread.)

**Froggy (awed)**

30\$ worth? We're feasting! Thanks, Putu!

**Putu (palms together)**

MAKAN DULU, friends!

**Froggy**

Perfect ending! Thanks, DTC, members or not. See you for *True Dream Facts*! MAKAN DULU!!

---

## **Scene 5: Fake Ad - Action Man**

(Antarctica, secret lab. Two kids, Kid A and Kid B, are trapped.)

**Kid A (playing Action Man Commando)**

We must stop Doctor Z at all costs!

**Kid B (pulling out a Coca bottle)**

Stole this from Doctor Z! (He pours, the lock melts.)

(They climb to the roof, facing Doctor Z with a mechanical arm by a flying Coca vat.)

**Doctor Z (maniacal laugh)**

My genius plan: melt Antarctica's ice, AHAHA!

**Kid A and Kid B**

Coca rocket launch!

(Two rockets explode, the vat crashes on Doctor Z, who melts screaming.)

**Doctor Z**

NOOO, Popsi Commandos, I'll have my revenge!

**Kid A and Kid B (high-five)**

Democracy triumphs! YEAH!

(Heroic music. Fade to Popsi logo.)

**Voice-Over**

Sponsored by Popsi, natural bio cola for all! AMERICA!

### **Scene 6: Post-Announcement - Burkina Faso Banquet**

(8 months after the Announcement. Asterix-style banquet in a Burkinabe village. Philippe Etchébouze, 3-star MOF chef, is the guest of honor, surrounded by joyful villagers.)

**Philippe (raising his glass)**

Friends! A quick speech, please!

**Malika (teasing villager)**

STOP TALKING AND DANCE!

(Laughter.)

**Philippe (laughing)**

OK, Malika, I promise! Thanks for this insane welcome. Two months here, feels like 30 years!

(He drinks.) If you'd told me last year I'd live in Burkina, I'd have laughed! But here I am, sharing my cooking thanks to DTC!

(Cheers.)

**Child (cheeky accent)**

DTC means "In your a... biip"!

(Explosive laughter.)

**Philippe (grinning)**

Yeah, Monkey, that Gaulish joker! Him and DTC opened my eyes 8 months ago! Fate's twisted: the revolt comes from Gauls! COCORICOOO!

(Silence, then laughs.)

**Philippe (serious)**

OK, I brag, but we Gauls aren't proud of our French past... The Announcement woke our soul.

We saw how our elites looted Africa, treating you like slaves... (Tears well up.) Damn, I wanna

apologize for all Gauls. We didn't know your pain... I came anonymously via DTC, ditching fame.

Wisdom's in silence and humility. Now I've got purpose! So happy to celebrate with you, my

family! Thanks... and I swear (he cries) you'll never suffer hunger or ignorance again!

(Emotional applause.)

**Ibrahim Traouré (president, appearing with a handkerchief, laughing)**

Chef Philippe, epic speech! You Ex-French wield Molière like masters! But no tears, it's not your fault... You're forgiven, my friend! Burkina and free Gaul are sisters, bound against materialist imperialism. The Announcement sparked a revolution, but harmony's still to build!

(Applause.)

**Philippe (shy)**

An honor, Mr. President! Eight months ago, I thought you a bloodthirsty dictator, I was scared!

**Ibrahim (booming laugh)**

YOU, AFRAID? I thought Gauls feared only one thing!

(Crowd in unison: "THE SKY FALLING ON THEIR HEADS!!")

(Laughter. Camera pulls back, *Asterix*-style.)

**Philippe (yelling)**

TO THE TABLE!!!

(Music: "Chanson pour l'Auvergnat" by Brassens. End credits.)

---

### **Scene 7: Post-Credits - Monkey's Artifact**

(Night, Balinese forest. Hana, a teen, and a hooded group find Jean's bread oven.)

**Hana (excited)**

We found Monkey's artifact! (She scans with a crystal, blue light, Jedi hologram.)

**Hologram (Obi-Wan style)**

Hello there!

(End.)
