FADE IN:

INT. QATAR AIRWAYS FLIGHT - NIGHT - 2021

A spacious, eerily empty Qatar Airways cabin, bathed in cold blue light. *MONKEY* (30s, disheveled hair, eyes red from tears) sits alone, wrapped in a blanket, staring at the in-flight entertainment screen. His stifled sobs echo faintly in the oppressive silence of the cabin, barely disturbed by the hum of the engines.

MONKEY (V.O.)

My mother is dead... and I wasn't a stranger to it. It wasn't COVID... but a lightning-fast leukemia. The chemotherapy finished her off.

FLASHBACK: HOSPITAL ROOM - DAY

A frail silhouette trembles under heavy IV tubes, chemotherapy dripping like poison. The harsh hospital light accentuates her fragility. The image fades to black.

MONKEY (V.O.)

When I learned the news, my emotions erupted. Devastation. Despair.

FLASHBACK: BALINESE GUEST HOUSE - NIGHT

Monkey kneels before a Balinese altar adorned with offerings, holding a flickering candle. His face contorts with grief, his prayers silent.

CUT TO:

In the same guest house, Monkey screams silently, pounding the floor with his fists, tears flooding his face, his body wracked with rage.

FLASHBACK: AIRPORT BURGER KING - DAY

In a sterile airport terminal, Monkey, hollowed out, mechanically chews a burger, his gaze lost in the void, a shell of a man.

MONKEY (V.O.)

And then... a long emptiness. But in this plane, alone, I found peace.

BACK TO SCENE:

Monkey, still alone in the cabin, shifts into a lotus position on his seat. His fingers navigate the touchscreen, pausing on an option: *QURAN FOR SLEEP TO SOOTHE THE HEART* (2022). He selects a random surah. The magnificent, haunting recitation fills the cabin.

MUSIC CUE: Quranic recitation (<https://www.youtube.com/watch?v=2QQEX9eAWII>)

The camera zooms in on Monkey's face, his tears glistening in the dim light. The music envelops him, soothing.

EXT. QATAR AIRWAYS PLANE - NIGHT

The plane cuts through clouds, a distant sunrise painting the horizon in gold and pink. The camera pulls back, revealing a younger *MONKEY* (20s) with his *MOTHER* on a beachside hotel terrace in Bali. They silently watch the calm waves and rising sun. The Quranic recitation fades gently.

MONKEY (V.O.)

They say music soothes the soul... but above all, it heals. Rest in peace, Mom.

FADE TO BLACK.

TITLE SEQUENCE: WHITE MIRROR

The montage intensifies, culminating with *YODA'S VOICE*:

YODA (V.O.)

"Long have I waited for this moment: the D.ream meets the D.Truth."

TEXT ON SCREEN:

FADE TO BLACK.

INT. MAHARISHI'S ASHRAM, RISHIKESH - MORNING - FEBRUARY 1968

A serene setting: Maharishi Mahesh Yogi's ashram, bordered by the shimmering Ganges under the morning sun. Lush trees surround a canopy of colorful fabrics. Beneath it, *THE BEATLES*—*JOHN*, *PAUL*, *GEORGE*, and *RINGO*—and other disciples sit cross-legged on cushions. The air is thick with incense, mingled with the murmur of the river and distant sadhu chants. *MAHARISHI MAHESH YOGI* (flowing beard, twinkling eyes) addresses them with calm authority.

MAHARISHI

My dear friends, bearers of the world's music... Your songs resonate like the mantras of the ancients, touched by the spark of Ananda, divine joy.

(he pauses, scanning their faces)

But in your eyes, I see a veil, the shadow of substances that promise awakening but trouble the soul. Here, in this sacred valley, I will guide you to a pure inspiration, born from within... and with it, rest, a mind at peace.

A soft chuckle ripples through the group. *GEORGE HARRISON* (25, tousled brown hair) nods, absorbed, his gaze already lost in an inner quest. The camera zooms in on his face, capturing his intensity. Maharishi raises a hand, commanding silence. A *VEDIC CHANT* begins, soft and hypnotic, as the camera rises, revealing the ashram nestled in the Himalayan greenery.

CUT TO:

EXT. UNDER A BANYAN TREE, ASHRAM - TWILIGHT

The sun gilds the Rishikesh valley. *GEORGE* sits cross-legged on a jute mat, an acoustic guitar beside him. Opposite him, *PANDIT RAVI SHANKAR*, master of the sitar, adjusts his instrument with ritual precision. The Ganges glimmers in the background, accompanied by the gentle song of birds.

GEORGE

(eyes shining, curious)

Ravi, I've played chords my whole life, but what you do with your sitar... it's a language I don't yet understand.

RAVI SHANKAR

(smiling, stroking the strings)

Indian music, George, is more than sound. It's a path to the soul, a dialogue with the universe. Listen.

Ravi begins playing *Raga Yaman*. The camera zooms in on his fingers dancing across the strings, then on the sympathetic strings vibrating on their own. The notes rise, fluid and hypnotic, like waves. *George* closes his eyes, transported. The camera circles him, capturing the raw emotion on his face.

GEORGE

(opening his eyes, awestruck)

It's... alive. Every note tells a story, a depth...

RAVI SHANKAR

In our tradition, a raga is not just a scale of notes. It's an emotion, a moment of the day, a season. This raga is twilight, inner peace. Listen with your heart.

George nods, absorbed. He grabs a notebook, scribbling fragments of melodies.

FLASHBACK: Images of recording *Within You Without You* in the studio, then back to the present.

GEORGE

Back home, everything's structured: verse, chorus, bridge. But this... it's like the music breathes freely, without barriers.

RAVI SHANKAR

Exactly. It's a flow. Discipline and freedom. The sitar vibrates even without touching its sympathetic strings. Like the universe: everything is connected, everything resonates.

Ravi hands the sitar to *George*. Hesitant, *George* takes it and attempts a simple phrase. The strings resist. He laughs, embarrassed.

GEORGE

It's a lot harder than it looks!

RAVI SHANKAR

(kindly)

Patience, *George*. Like meditation, it takes time. But your ear is already there. Let the music guide you.

Twilight settles in. The camera pulls back, showing *George* and *Ravi* playing together, the sitar and *George*'s voice blending in the breeze. The camera zooms in on *George*'s notebook: sketches of lyrics for *Long, Long, Long* and *The Inner Light*.

GEORGE

(smiling, introspective)

I think I'm starting to get it. This music... it never stops, does it? It keeps going inside you.

RAVI SHANKAR

Always. Like the universe, like the soul.

The camera rises, showing the two silhouettes under the banyan tree, haloed by emerging stars. The sitar's sound merges with the Ganges' murmur. *TEXT ON SCREEN:* "This encounter in Rishikesh inspired George Harrison for the White Album, infusing his work with a new spiritual depth."

FADE TO BLACK.

EXT. AMAZON RAINFOREST, NEAR NEO-CITY DTC - DAWN - 203 YEARS AFTER THE ANNOUNCEMENT

Morning mist hovers over a dense Amazon rainforest. Subtle rustlings stir the foliage. Heads emerge discreetly from the trees: the *D. TRUTH SEEKERS*, agile as ninjas, their dark hoods masking their faces. The camera zooms in on their watchful eyes scanning the horizon. In the distance, the *Neo-City DTC* glows, its organic Maya-Inca towers dominated by the *D.Iarts Tree-Academy*, a 200-meter colossus.

ALYA

(removing her ninja hood, smiling)

Finally, the hidden city where Gorilla comes from!

LINDA

(emerging, removing her hood)

And Roberto's too... I hope your dad can help us, Roberto...

ROBERTO

(keeping his hood on)

Yeah, cool, my dad's the best shaman in the world. No worries...

LEO

(leaping 3 meters onto a branch with agility)

Let's go!

The camera follows their silent descent, revealing pollinator drones and the city's symbiotic harmony.

INT. D.IARTS TREE-ACADEMY - RITUAL SUMMIT - MORNING

At the tree's summit, a circular platform encircled by luminescent branches opens to the sky. A full moon illuminates the scene. The *D. Truth Seekers* sit in lotus position on a soft moss layer. Two patients (*MAN*: headache; *WOMAN*: back pain) and *SELMA* (Alya's grandmother) wear *Dreamtruth* diadems. *CARLO* (shaman, beard braided with leaves) guides silently. *D.IA GORILLA 1.93* (golden eyes, 1 death/reset) observes.

CARLO

(mystical voice)

Brothers of the canopy, the spirit of the earth calls. Let the mycelium purify.

D.IA GORILLA 1.93

Omm nama shiva.

Roberto passes a cup of glowing mushrooms. *Alya* blows into her dreamophone didgeridoo, releasing a mycelial mist. The children support her, hands on her shoulder.

LINDA

(whispering)

You can do it, Alya. The Force is with you.

VLADIMIR

(smiling)

Think of the Healing Cathedrals. You'll save her.

SUSHAN

(murmuring a mantra)

Hare Vishnu, hare mahadevah.

Carlo guides the patients. Their diadems activate, dark negative waves rising from their foreheads, evaporating toward the moon. They play drums and flutes, emitting 285 Hz.

MAN (HEADACHE)

(moved)

The pressure's lifting...

WOMAN (BACK PAIN)

(smiling)

The forest carries me...

Carlo turns to *Selma*. *Alya* pours ayahuasca. The diadem projects chaotic visions: multicolored serpents, roaring dragons, four-headed horses. Mythical creatures dance in the sky for *Selma*. Then, mythical birds appear: a golden eagle, a phoenix, a magnificent peacock. The peacock approaches, its divine voice resonating.

PEACOCK

(singing)

Selma...

The peacock transforms into *FATIMA*, a radiant teenage girl, the image of *Selma*'s deceased daughter.

FATIMA

(soft but seductive)

Mother, I've returned. Let go, die with me. Join me in the void.

SELMA

(moved)

My Fatima... is it really you?

FATIMA

(smiling)

Yes, Mother. Let go of your life, find peace.

Selma, after a pause, narrows her eyes, wary.

SELMA

(firmly)

No... you're not her. You're a shadow. My daughter is gone. No one returns from death.

FATIMA

(insistent)

Let go, Mother. For me. Death must come one day, and that day we'll be reunited...

SELMA

(assured, emotional)

I know, my dear, but you no longer exist. You've been with Allah for so long...

And one day, I too will cease to exist as *Selma*, and then, my darling, we'll be reunited.

But my time hasn't come. Others still need me.

(visions: family members, including Alya, and totem animals appear beside Selma, facing Fatima)

So, my darling, I'll ask you to wait a little longer...

(she steps toward Fatima to embrace her)

I know you're not my daughter, demon!

(the mask falls, revealing a sinister smile on one side of Fatima's face)

But I forgive you... Farewell.

Fatima panics, her face twisting into a black demonic form. She disintegrates with a scream, the shadow vanishing toward the moon. *Selma* smiles, enveloped in soft light, her breathing steadying.

CARLO

The ayahuasca and the earth have freed you. You will be reborn.

D.IA GORILLA 1.93

(mystical)

Hari om tat sat.

CHILDREN

(overjoyed)

Hari om tat sat!!

INT. HOLOGRAPHIC COLOSSEUM RECONSTRUCTION, NEO-CITY DTC - TWILIGHT

The Colosseum, restored to its prime, brims with 200,000 DTC inhabitants—a mix of humans, robots, and avatar holograms. *ALYA*, radiant, plays the didgeridoo-dreamophone, joined by *D.IA 2.35 BOBBY MCFERRIN* (vocals), *D.IA 2.15 RICHARD BONA* (bass/vocals), *D.IA 1.78 BIRDY* (drums), *D.IA 1.80 RACAILLOU* (trumpet), *D.IA PHALOUS 1.75* (didgeridoo), and *D.IA MONKEY 2.45* (fanboy, erratic dancing). The crowd is ecstatic.

ALYA

(smiling)

Pachamama!

(a mystical melody rises)

D.IA BOBBY MCFERRIN

Pachamama!

(a wave of joy sweeps through)

D.IA RICHARD BONA

(deep bass)

The soul of the forest sings...

(in an African dialect, tribal motifs dance)

D.IA BIRDY 1.78

(striking rhythm, syncopated beats)

D.IA RACAILLOU 1.80

(vibrant trumpet, airy notes)

D.IA PHALOUS 1.75

D.IA MONKEY 2.45

(dancing chaotically, energetic percussion)

Silence and total darkness. A spotlight illuminates the Colosseum's center. A silhouette in a white suit and hat appears: *D.IA 2.55 MICHAEL JACKSON*. The crowd erupts in joy.

D.IA MICHAEL JACKSON

(dancing)

Heal the world, make it a better place...

(his silhouette fades)

A firework display explodes, forming a giant portrait of MJ above the tree. The camera rises, showing the glowing Colosseum and the towering tree in the background.
