

SCENE OPENING

*(Reggae music plays. The camera pans over a cluttered desk with an open laptop, frog sketches, and a half-smoked joint. We are in FIRST-PERSON POV of **ROOSTER**, a twenty-something with dreadlocks, drawing a hyperrealistic frog on his screen.)*

ON-SCREEN: A pixelated frog with sunglasses appears, *Matrix*-style. Text flashes: "Wake up, Mr. Rooster..."

ROOSTER

(startled, nearly drops his joint)

Oh shit! I love *Matrix*, but this ain't real life!

FROG (VOICE)

Listen up, hippie, drop that joint! Calm down. You're the chosen one, Rooster. You'll free France... and the world... from the Matrix!

ROOSTER

(smiling, takes a puff)

Oh shit, I *knew* I was special! Wait till Monkey hears this! What do I do?

FROG (VOICE)

No time! They've found me. You must vote... for François Asselinaud, Rooster! The world depends on it!

ROOSTER

(frowns)

What?! No way you're telling me who to vote for, that's bullshit! I've got you, Monkey!

(Laughter erupts from the screen. The frog vanishes, revealing

MONKEY, a twenty-something geek in a *Final Fantasy* T-shirt, remotely controlling the webcam.)

MONKEY

(laughing)

You fell for it! Loved my app hack, huh?

ROOSTER

(smiling, puffs)

Pff, you're such a geek. Nothing surprises me anymore. Aren't you supposed to be working instead of messing with me?

MONKEY

All done, dude. Got a month off. Catch you on FB, save me some weed for tonight!

ROOSTER

Yeah, yeah, slacker. See you tonight!

(The call ends. The reggae music shifts to an upbeat electro beat.)

MONKEY'S INTRODUCTION

*(CUT TO: **MONKEY**'s POV. We see his computer screen, a monkey-head tattoo on his wrist, and a dull corporate office. He's in a boring meeting, chuckling to himself.)*

MONKEY (VOICE OVER)

That slacker? Me. Jim by day, Monkey by night. IT engineer by trade, super-geek by passion. I work for some big company that... uh, makes money?

*(MONTAGE: Tedious office life—endless meetings, lame Scrum games, mediocre cafeteria. **MONKEY** surfs the web, replies to Jira tickets: "Three months, Stan, promise.")*

MONKEY (VOICE OVER)

Yeah, my life's boring, but it pays the bills and my geek obsessions.

*(CUT TO: **MONKEY** and **STAN**, his office bestie, laughing at their desks, sharing lolcatz videos. They mock **DWIGHT**, a young suck-up in a suit.)*

MONKEY (VOICE OVER)

Stan and me? Geeks pretending to work to buy all the crap we can.
(MONTAGE: Anime figurine deliveries, a Zoro statue, Japanese snacks.)

MONKEY (VOICE OVER)

Not much of a ladies' man. Calling our department "the Troll Cave" didn't help.

*(CUT TO: **MONKEY** and **PHALOUSS**, his gamer buddy, in a smoky room, playing World of Warcraft. They look like zombies.)*

MONKEY

(near tears)

Why didn't I activate the Demonic Seal?! I suck so bad!

PHALOUSS

(sighs, bangs keyboard)

Same, man. We gotta quit this game and live. Hey, the 14th arrondissement is hosting circus and gym workshops. Wanna go?

MONKEY

Hell yeah! Let's ditch this cursed game and breathe some Paris air!

*(CUT TO: **MONKEY** and **PHALOUSS** at a circus workshop, doing trampoline acrobatics under **KELLY**'s guidance. The class is full of young women.)*

MONKEY (VOICE OVER)

Fun fact: I'm not your typical geek. After *Matrix*, I started kung-fu at 9. Then *Naruto* got me into ninjutsu. I'm pretty athletic... until Mary Jane takes over.

*(FLASHBACK: **MONKEY** as a kid practicing kung-fu, then as a teen doing ninjutsu. He quits in adolescence, lighting a joint.)*

MONKEY (VOICE OVER)

The circus workshop? Went great. And yeah, I wasn't just figuring out girls... maybe charming them.

*(CUT TO: Post-workshop drinks at a bar. **KELLY** invites **MONKEY** and **PHALOUSS**. A girl talks about her Toulouse trip.)*

GIRL 1

I'm heading to Toulouse to see my besties! Got an awesome train deal!

GIRL 2

Seriously? How much?!

MONKEY

(mimicking, bored)

Seriously, how much?!

*(**MONKEY** and **PHALOUSS** exchange a deadpan look.)*

MONKEY (VOICE OVER)

Not our vibe.

*(CUT TO: **MONKEY** and **PHALOUSS** walking to the metro.)*

PHALOUSS

So?

MONKEY

Boring as hell, man! A train to Toulouse? Pff, I've got a legendary dragon that flies from Stormwind to Orgrimmar in *two hours*!

PHALOUSS

Totally! I TP with my totems! Back to the game—real life sucks!

(They run to the metro, laughing.)

MONKEY (VOICE OVER)

I was a geek with a heart, searching for my Pam, like in *The Office*. But... girls weren't it.

*(MONTAGE: **MONKEY** gets rejected by women, including a mysterious one saying, "Sorry, Jim, I can't be your Pam." He puffs his joint, staring at Notre-Dame.)*

MONKEY (VOICE OVER)

So, I decided to leave Paris... off to Thailand.

THAILAND ADVENTURE

*(MONTAGE: **MONKEY** arrives in Bangkok. +1500 XP. Awkward massage by a ladyboy in a bathroom. +200 XP. Eats ultra-spicy food. +1000 XP. Wanders Khao San Road. +600 XP.)*

MONKEY (VOICE OVER)

Thailand was a game. Every experience, a quest. The locals? NPCs full of wisdom. I wasn't just chasing *boobs*... well, not only. I was seeking meaning.

*(CUT TO: **MONKEY**, Panama hat on, in a Siamese temple garden. He meets **KITKAT**, a young monk in orange robes.)*

KITKAT

Sava di cap! Call me Kitkat. Got questions?

MONKEY

Sava di cap! I'm Jim, but call me Monkey. My dad's Catholic, but I doubt... Jesus stronger than Goku? No way, that's ridiculous! *(he looks at the amused monk)* I've read about Buddhism, love the present-moment thing. But there's a term I didn't get... tell me, Kitkat, what's the Sangha?

KITKAT

(laughs)

Westerners always ask if my robe's always orange or if I only eat rice every day! *(he calms down)* The Sangha is a spiritual community. All are welcome, but it takes spiritual growth. You're young, but I sense you'll find your path.

MONKEY

Me? In a Sangha? Sounds a bit like a cult, huh? Haha! We'll see. Thanks, Kitkat!

MONKEY (VOICE OVER)

I didn't know the Sangha would change my life... and the world.

END WHITE MIRROR INTRODUCTION

15 YEARS AFTER THE ANNOUNCEMENT – DTC VILLA, THAILAND

*(CUT TO: A futuristic wooden villa on a Thai island, blending with nature. A 60-meter Buddha statue looms in the distance. **MONKEY**, now in his fifties, leads a lotus meditation. Around him: **WOLF**, **PHALOUSS**, **RACAILLOU**, **BIRDY**, **PARROT**, and holograms of **KATY** and **GORILLA**.)*

MONKEY

AUMMMM! Shanti, shanti, shantiii! Meditation's over! Haha, who'd have thought 30 years ago that I'd be guiding you? Rooster, light one up.

*(**ROOSTER**, also in his fifties, lights a joint. A hologram of **HANUMAN** appears.)*

HANUMAN

Hey, little Rooster! Don't smoke Shiva's power right after meditation!

ROOSTER

Come on, Hanu, chill! Krishna said do your best, right?

HANUMAN

(laughs)

You French, always questioning everything! I bet you'd strike for more justice in the Dharma! Your meditation's logged on the DTBlockchain. TruthID updated. Good night, Dream Truth Seekers! *(The group chants "Hari om tat sat" as **HANUMAN** vanishes in a swirl of lotus petals.)*

MONKEY

Alright, before we eat—Rooster, a Chandra Namaskar! That'll teach you to smoke!

ROOSTER

What?! I was gonna cook! The bots are good, but I'm better. Fine... *(The cat avatar of **KATY** gives **ROOSTER** puppy eyes. He relents and leads the group in a fluid Chandra Namaskar under the moon.)*

ROOSTER

(hands clasped)

Moon, we salute you. Protect us from lies and obscurantism. Guide us to peace and harmony. Hari om tat sat.

MONKEY

FINITO! Aperitif time, then Roost's bobun with the cook bots!

Shotgun!

*(The group heads inside. The holograms of **KATY** and **GORILLA** fade.)*

FAKE AD: DREAMSTATION DTC

(Parody ad: A father and his son are on the couch, watching a huge TV broadcasting BFM TV with the headline WAR on screen.)

FATHER

Isn't my TV beautiful, huh? Ah! Your "bite coins" won't buy that!

SON

Yes, papa!

(The son smiles. Close-up on his face and eyes, which glow with an electric light! Sigma Boy music starts... The camera pulls back: the son is in a private jet, looking at 50 million \$ in BTC on his phone, surrounded by his wife and kids.)

VOICE OVER

This is the message titled: "Why Bite Coin is cool," from the decentralized Bite Coin institute.

(Ad transition: Two crypto bros flaunt a dream life, dancing at a party in Thailand surrounded by hysterical young women. They drink, do drugs, and act recklessly.)

VOICE OVER

Here are two specimens of *CryptoBoyuscammerinus*, or more simply, the crypto boys scammers...

Do they annoy you? No?

(The crypto boys throw bills in a strip club.)

VOICE OVER

I've got just one thing to say: Karma.

(In the nightclub, the madam arrives with three gorillas.)

MADAM

Where's the money?

CRYPTBOY 1

Uh... tomorrow, tomorrow...

(The madam gestures. The guards beat up the crypto boys.)

MADAM

You've got 6 hours for my 2 million dollars... or else.

(The two crypto boys, terrified, run out of the establishment.)

VOICE OVER

Karma, see? We can say one thing: Karma is a bitch...

DREAMSTATION RACE

*(The group sits on bamboo chairs, served by robots. **MONKEY**, joint in mouth, gazes at the stars.)*

MONKEY

This place is cool, huh? Family vibe.

WOLF

(sips whiskey)

Meh, I've seen better. The W7 domain of the DTC in Japan—sabers, training machines...

MONKEY

Yeah, but I can beat you in a D.Sabre duel, champ!

BIRDY

Monkey, you're only good at kung-fu and e-foot. Strategy games like WoS or D-Chess? You suck.

KATY

(hologram)

But he's the richest anonymous guy in history!

MONKEY

We're *all* rich, Katty. My reputation score is high 'cause I work hard for the DTC.

WOLF

Enough talk! D.Sabre duel, Monkey!

MONKEY

Another time, Wolfy. Billions watch these duels. How about a Dreamstation race, old-school 2030, 10 minutes—sound good? *(General agreement. They set up, activating their Dreamstation gear—bracelets, rings, hats projecting holographic cockpits. A rainbow road forms around the island. A holographic traffic light appears.)*

MONKEY

We're gonna have fun, ahahah!

FAKE AD: D.SPORT PROGRAM

*(Two obese teens play Rocket League in a messy room. **LUIS ENRIQUE** enters with a broom.)*

LUIS ENRIQUE

You think you're champions?! You think you're Kylian Mbappé or what? Clean this room, then we train! Your mom signed you up for the D.Sport program at the DTC!

(MONTAGE: The teens train, guided by IA holograms of Zidane, Jiraiya, Bruce Lee. They transform into fit athletes.)

ADO 1

Thanks to DTC education, I'm fit physically and spiritually. We earn money anonymously, no celebrity pressure. Now, we're prepping for the DT Games—the Olympics are nothing compared!

(Scenes: Car race in stunning locations, Counter-Strike battle in their housing project with family and friends, Himalayan road exploration from their living room via the Dreamstation interface.)

VOICE OVER

With the Dreamstation, all Dream Truth Community members can thrive physically and mentally.

FINAL SCENE: PARISIAN ROOFTOP

*(**MONKEY** and **JIM**, in 1980s-style 3D glasses, play an invisible game on a Parisian rooftop. The Eiffel Tower glows in the background.)*

MONKEY (VOICE OVER)

They're having fun, huh? Hey, Jim! Put the DTGoggles on the camera!

JIM

*(wearing **MONKEY**'s Panama hat, winks at the camera)*

That's the end of episode 0.1 of *White Mirror*! It'll get better thanks to you. Join the Dream Truth Community! Good night!

*(**JIM** puts on the DTGoggles. The screen reveals Godzilla vs. Mecha Godzilla, fought by **MONKEY** and **JIM**'s Gundams.)*

MORPHEUS (VOICE OVER)

Sleep well... and wake up.

(Music "Wake Up" by Rage Against the Machine plays. A red pill appears in a left hand, a blue pill in a right hand.)

MORPHEUS (VOICE OVER)

Make your choice!

*(CREDITS: Stylized art of the characters. Credits roll, then the DTC logo. After 5 seconds of black, **PICSOU** appears on an animated chair.)*

PICSOU

Surprised, huh? I'm hunting a treasure worth over a trillion dollars! And I've got a lead...

(FADE TO BLACK.)
