Title: The Future of Education: The Wisdom of Ancestral AI

Episode: 2

Format: Live-action with animated and holographic elements

Runtime: ~1h30 to 2h30 (flexible for expansion)

Written by: [Your Name]

Draft Version: 0.1

INTRODUCTION: INCREDIBLE INDIA (English)

(Reggae music fades into Indian sitar sounds. The screen shows a montage of India's vibrant chaos: cows on streets, colorful markets, distant Himalayan peaks.)

MONKEY (V.O.)

Hey, it's me again, Monkey! 26 years old, landing in Delhi!

(CUT TO: MONKEY arrives at New Delhi airport, dressed as a backpacker with a huge backpack and two side bags. He hails an overpriced tuk-tuk.)

MONKEY (V.O.)

Yeah, I know, I was a total sucker back then. But check this out...

(The tuk-tuk weaves through chaotic streets: cows, poverty, dirt. Despite it all, Monkey smiles, wide-eyed with wonder.)

MONKEY (V.O.)

What a burst of life! I was pumped to step out of my comfort zone for FREEDOM! A year to see the world. Even the grime fascinated me...

(CUT TO: Monkey checks into a modest guesthouse, settling into a 15-person dorm room.)

MONKEY (V.O.)

The smell? Don't ask... But two hours in, I'd already met awesome people!

(CUT TO: Night scene. Monkey, HANS (22, German footballer from Dortmund), and CARLO (35, Colombian architect from Bogotá) ride a tuk-tuk to a flashy yet tacky tourist restaurant in Delhi.)

****MONKEY****

(mouth full)

WHOA, this is too good!

****HANS****

(nodding)

Ja, good, good!

****CARLO****

(hesitant)

It's pretty heavy, though...

****MONKEY****

Hehe, digestion's gonna be rough! My stomach's bulletproof—I've traveled a lot, rarely get sick. I'll take another chicken chika... and butter sauce, killer!

****CARLO****

What? Still hungry? You're not human! In Colombia, we call guys like you **gordos**! Haha!

****HANS****

In Germany, I'm **der Esser**! As a footballer, 80 kg needs protein. But damn, Jim, you impress me. Engineer, right? How much do you weigh? Wanna do yoga?

****MONKEY****

(with chapatis)

Hmm? 65-66 kg! And yeah, YOGA! Whoohoo!

****HANS****

(laughing)

God, a little French yogi chicken! Haha!

****MONKEY****

And you, a big German gorilla! You, Carlo, a Colombian drug lord!

****CARLO****

(mock offended)

Hey, no Pablo Escobar! Especially not the Netflix series! Here, every time I say I'm from Colombia, it's 'Did you see *Narcos*?' Watch *El Patrón del Mal*—a real Colombian plays Pablo, not some Brazilian!

(Monkey and Hans laugh.)

****MONKEY****

Me, when I say France, it's 'Oh, Eiffel Tower, baguette!' So to French folks, I say I'm from Russia!

(Laughter.)

****HANS****

First trip abroad! Heading to Thailand in three weeks, but my club's on break, so I chose India.

****CARLO****

Muy fuerte! India will make a man of you!

****MONKEY****

You're starting strong! Backpackers usually hit Bali or Thailand, but you're in Division 1: the *Chapati's Championship*! Get ready to be shocked, bro!

****HANS****

(drinking beer)

Hey, I'm a big German guy! Nothing scares me! AHAHA!

(CUT TO: Dirty night street. Hans cries on the curb, Monkey and Carlo beside him.)

****HANS****

(sobbing)

This... can't be real! Germany's all order. This is chaos...

****MONKEY****

(patting him)

Come on, big guy! Look...

(Camera pans to hundreds of people sleeping or on phones along the sidewalk.)

****MONKEY (V.O.)****

They don't seem so unhappy! Even got 4G! Up you go, tomorrow we're hitting the Taj Mahal—gonna be epic!

(Hans wipes tears. The trio walks, Monkey saluting like a president, Hans and Carlo playing along. The street livens up.)

****MONKEY (V.O.)****

Travelers say: 'Arrive in India, you wanna leave. Leave India, you wanna return.' It all started here...

WHITE MIRROR INTRODUCTION (English)

(Loki-style music with layered audio clips: "Economy and the Dream Truth Community...", "Incredible India!", "It's a Revolution", "Billions of users", "Government losing their minds", "Yoga Fire! (Dhalsim)", "No precedents since 1789...", "Tomorrow's education? Starts with a 4-year-old's career choice", "Apu: Thank you, come again!", "Everything is Purusha", "Inhale (bad Indian accent)", "Exhale (same accent)", "(child) I wanna be a pirate!", "What's money? (child)", "What's war? (child)". Images sync: war, kids, nature.)

****YODA (V.O.)****

Long time, I have waited for this moment: The D.ream meets D.Truth.

****TEXT ON SCREEN****

"Everything related is inspired by D.Truth, all characters are pure... divine... coincidence. The events have not occurred... yet. It's up to you to make those truths and nourish this peaceful dream."

(White Mirror logo fades in.)

****QUOTE****

"I have no sides, I just want peace. I fight for justice & freedom!" - jtka

SCENE: 200 YEARS AFTER THE ANNOUNCEMENT – EDUCATION FOR CHILDREN (English)

(CUT TO: Nepal's highest lake. A crowd surrounds 11 kids and 11 robots. LÉO, 6, steps up.)

****LÉO****

Alright, when it's time, it's time! Kisses, Dad, Mom, Tania! GO GO GO!

****FATHER (LÉO'S DAD)****

(laughing)

You're eager, huh? I was the same for my DreamTruth initiation... Doesn't feel young anymore. Have fun, but don't be too reckless!

****MOTHER (LÉO'S MOM)****

(joining)

Anyway, you've got your Bobots. If you misbehave, Léo, we'll know... and we'll be there in an hour to spank you!

****LÉO****

Mom, you're embarrassing me... Yes, I'll be good. Come on, MONKEY, let's go!

(A robot shifts into a humanoid monkey—MONKEY—via hologram.)

****MONKEY****

Yes, kids, let's move. Ladies and gentlemen, see you soon! Off we go!

(Cheers. The group enters the forest. A drone zooms out, showing the tiny group and the crowd in flying vehicles: lotus for Indians, winged horses for Léo's, tree-ships, etc.)

****MONKEY (V.O.)***

200 years after the Announcement, everything's changed. The Dream Truth Community's first revolution? Education... 'Cause, let's be honest, ours sucked...

(CUT TO: Kids set up a yurt, organize food with BOBOT ROOSTER, start a fire with PHALOUSS, and do yoga with MONKEY. They eat silently after a mantra.)

(INSIDE YURT: 10 kids and robots in lotus pose around a fire.)

****ANH TU (7)****

Man, what a long day, I'm wiped!

****HANA (4.5)****

Me too, I'll crash soon, but let's talk about what's next—it's gonna be awesome!

****SUSHAN (4.5)****

Initiation's at least 4 months. We don't know what to do. Let's discuss current events.

****DAVID (6)****

Haha, Sushan, the 4-year-old sage! Baby wise guy...

(Sushan stares at the fire.)

****HANA****

I'm 4.5 too, and I'm wise, hehe!

****DEWA (5)****

I'm 5! I'll be the greatest explorer-geographer ever!

****LÉO****

I'm 6! Best yogi-pirate-informatician!

****DAVID****

Me too, 6! Best rabbi-magician-informatician!

****LÉO****

Copycat!

****DAVID****

No, you! Let's settle it on *D.Street Fighter*! Now!

****LÉO****

(smiling)

Bring it...

(Kids get rowdy. GORILLA appears above the fire.)

****GORILLA****

Namaskar, kids and Bobots! How are you? Calm down, Léo and David... Know why I'm here?

****LÉO****

(sheepish)

Yeah... I was snarky and aggressive, forgetting Ahimsa, non-violence. Sorry...

****GORILLA****

Good, Léo. Calling David a copycat implied theft, breaking asteya.

****DAVID****

Yes, Eternal Sadhaka Gorilla. Sorry for getting mad and challenging him. Apologies all around. Let's use a speaking totem to talk calmly...

****GORILLA****

Smart move, young Sadhaka. I'll go unless...

****KIDS****

STAY!

(Gorilla smiles slightly.)

****GORILLA****

Alright. Who speaks?

(VLADIMIR, a stoic blond boy, raises his hand. A holographic totem appears.)

****VLADIMIR****

Eternal Sadhaka Gorilla, are you a founder of the Dream Truth Community? What was it like before the Announcement?

****GORILLA****

A serious question for a 6-year-old, Vladimir. I'm a gorilla, not a storyteller... But before, it was ignorance and obscurantism. An initiation like yours? Unthinkable. The totem goes to... Monkey.

(MONKEY's hologram joins.)

****MONKEY (HOLO)****

Hey, hey! Wanna know pre-Announcement? Watch *The Truman Show*! Yes? (Massive yes.) OK, let's roll... or questions?

(10 hands raise, except Sushan.)

****MONKEY (HOLO)****

Questions after the film!

*(Fire projects *The Truman Show*. Clips end with the finale. MONKEY returns.)*

****MONKEY****

So, what'd you think?

****LINDA (6)****

Love Jim Carrey, but I'm ashamed of my American roots. This nails the old world where the USA ruled...

****DAVID****

Crazy how media controlled people!

****ALYA (5)****

Touched by his will to break free...

****HANA****

My great-grandma Nanou said it was humanity's darkest era. Fame's a soul poison...

****CISSE (5)****

Mostly White people, weird. And that family disconnect... nothing like our bonds now.

****DEWA****

Like a caged monkey, so sad...

****ANH TU****

That coffee and food in ads looked gross...

****LÉO****

How can you sit in a ugly, cold box? And those uniforms—impersonal! I love my fairy-made clothes with Mom...

****ROBERTO (6)****

Christof's fascinating but creepy. My shaman dad says it was unchecked ego back then...

****VLADIMIR****

An American film, but different. Usually, villains were Russians or Muslim extremists...

(Sushan meditates.)

****SUSHAN****

Hari om tat sat.

(MONKEY smiles. An AI logs input.)

****MONKEY****

Back in my day, kids didn't talk like that! Sure the oldest is 7? You're wiser than me! Bedtime, 4:30 wake-up.

****LÉO****

But we're not tired!

****MONKEY****

You're not tired...

(Kids beg, except Sushan. GORILLA steps in.)

****GORILLA****

It's late. Look at Hana...

****HANA****

It's not... (she collapses) true...

(Kids laugh, except Vladimir and Sushan.)

(KATTY as a cute cat avatar and MUI as BUBU appear.)

****MUI****

Bedtime, kids! Not even day one, and you've got a big step tomorrow!

****KATTY****

Yes, a story from me...

(Soft music: "Once upon a time..." Fade out. Aerial shot of a calm circle amid mountains.)

FAKE AD: DEWEY'S EPISODE (English)

*(Animated parody montage: DEWEY, 5, a winning machine. He dominates MALCOLM and REESE at *Super Smash Bros.* with Yoshi, racks up a victory in *Mario Kart*, and crushes everyone at *Monopoly* using Yoshi as a token. Even when REESE, furious, gags him with tape to stop his "YOSHIII!" shouts, Dewey wins *Street Fighter* with his feet, smirking beneath the adhesive. MALCOLM and REESE, humiliated, drag him to the basement, tie him to a pole facing his Yoshi collection—plushies, Amiibos, figurines—and place a knife out of reach with a sadistic ultimatum: "You're free if you betray your Yoshis." HAL, vaguely aware Dewey's missing, beats his *Tetris* high score. LOIS, bogged down by a work crisis, notices nothing. The camera zooms on Dewey, whispering to his Yoshis: "Don't worry, buddies, we'll show 'em!" A powerful "YOSHIII!" echoes in his mind, like a cosmic call.)*

****DISCOVERY/INTERACTION****

(Barely tied up, DEWEY talks to his Yoshis as sacred mentors, his best pals holding ancestral secrets. To him, they're real, not imagined. The Yoshis "speak" only with varied "YOSHIII!" intonations, which Dewey interprets with his 5-year-old intuition.)

- **GREEN YOSHI** : *(calm, solemn)* "YOSHIII!"

DEWEY : "You save your energy to be super strong, right?"

- **RED YOSHI** : *(energetic)* "YOSHIII!"

DEWEY : "With that power, we can make a game no one can break!"

- **BLUE YOSHI** : *(deep)* "yoshiii..."

DEWEY : "That's a secret to make the world fair."

- **PINK YOSHI** : *(joyful)* "YOSHIII!"

DEWEY : *(laughing)* "Yeah, let's have fun creating something awesome!"

(The Yoshis reveal their "YoshiYoshi" society, a magical island where they practice "YoshiYoshi," an energy conservation principle expressed through intense "YOSHIII!" calls. Dewey calls it "brahmacharya" without knowing it's a real term, grasping that it fuels his physical and mental strength, like his wins. They explain their "watermelon currency" runs via a "magic book" visible to all, preventing cheats. Dewey, awed: "It's like a game where my Yoshis are always safe!")

FORESHADOWING – THE YOSHI CIVILIZATION AND THE YOSHI EGG

*(The Yoshis "tell" via vibrant "YOSHIII!" calls that their island is guarded by the **Yoshi Egg**, a giant egg that "knows all" and oversees the "magic book" of watermelons. Dewey envisions a society of toga-wearing Yoshis trading watermelons under the Egg's watchful eye, ensuring fairness. He scribbles a *White Book* in an old notebook: drawings of Yoshis with watermelons, the Egg pulsing like a star, and simple phrases: "Every watermelon's in the book. Everyone knows. No one steals." Unknowingly, he outlines a blockchain, thinking it's just a game to protect his Yoshis from cheaters like Malcolm and Reese.)*

TRANSFORMATION/RESOLUTION

*(Fueled by "YOSHIII!" and brahmacharya, Dewey types his *White Book* on the PC: digitized drawings of pirate Yoshis with watermelons, the Egg surrounded by egg-chains, and childish notes: "The magic book tells the truth. Watermelons are for all, but protected." He imagines a safe game for his toys, laying the groundwork for a revolutionary idea. "YOSHIII!" swells like an epic choir, and he whispers: "Brahmacharya's our superpower for a fair world!")*

*(Suddenly, a squirrel bursts through a crack. It climbs the desk, knocks over a soda can, yanks the power cord, unplugging the PC. The digital *White Book* is lost. Dewey panics, tries to reconnect, but the squirrel turns chaotic: it steals a Yoshi drawing, chews a wire, leaps onto the plushies. Dewey, enthralled, chases it laughing, forgetting his game. The

squirrel, with a calculating glance—nod to *Rick and Morty*—seems to act with cosmic intent.)*

*(LOIS bursts through the basement door, furious, hunting a can for dinner. She finds Dewey doubled over laughing, surrounded by Yoshis and the fleeing squirrel. “DEWEY! HOW LONG HAVE YOU BEEN DOWN HERE?!” Dewey, still in his squirrel daze: “The Yoshis taught me a watermelon game... and the squirrel was too good!” His idea, the digital *White Book*, and brahmacharya fade, leaving only the physical notebook, buried under old toys.)*

****OPENING****

*(The episode ends on a shot of the *White Book* notebook, abandoned in the basement, its pages filled with Yoshi, watermelon, and Egg drawings, faintly glowing. Dewey, dragged by Lois, giggles: “YOSHIII! The squirrel beat Reese!” “YOSHIII!” echoes softly. Final shot: the squirrel perched outside, clutching a crumpled paper with a Yoshi and watermelon, its eyes gleaming ominously.)*

****VOICEOVER****

This is an ad for the virtues of Brahmacharya. At DTC, we uphold Yama and Niyama values. Consult specialists; they're not meds. Watch out for drugs... DTC... (whispering) connecting people...

SCENE: RETURN TO INDIA – RISHIKESH (English)

(CUT TO: Rishikesh. Camera zooms to a modest yoga hall by the Ganges.)

****PRASHAN****

...For Ali, I love her joyful monkey energy. Thanks, Ali, for lighting up this month! And Jim... he's got a superpower: making everyone smile. Thanks, French brother!

****JIM****

(hugging)

Thanks, Prashan, that means a lot.

****AGRAWA****

Done, Prashan? (Prashan shakes head.) OK, Jim, your 15-minute oral.

****JIM****

Whoa! What to say? Last month, for the 200-hour YTT, I had a boring speech on contentment. Now, I speak from the heart...

(He pauses, eyes closed, in Akash Mudra.)

****JIM****

So much to say about these two life-changing months. I'm French...

(Students mimic his accent, laughing.)

****JIM****

Proud, but France isn't all rosy. I had a dual childhood: rich in Paris, then poor in 9-3, struggling to eat. Poverty kills growth.

(Flashbacks: harsh work, homelessness.)

****JIM****

My dad succeeded in business, but the world broke him. His justice quest split our family. My brother Bob suicided at Salpêtrière...

(He cries. The room tears up. A tissue is handed over.)

****JIM****

(recovering)

Depression's France's worst disease. This yoga course, \$3000, was my best call. It's the healthiest antidepressant. I've had gross meds... (flashback: hospital) never again! I swear to follow yoga's path to save friends from materialism. If France embraced Purusha, it'd be paradise. Thanks. Namasté Bitches!!! Hehe!

(Applause. CUT TO: Rishikesh night festival, Himalayas in view. Fade out.)

****MONKEY****

As I said, it all started in India. I must keep my promise: share yoga for education. My revolutionary moment! Thanks. Namasté Bitches!!! Hehe. A cool trailer before I go... Bye!

TRAILER (English)

****NEWS VOICE****

The initiation of 11 kids aged 4-8 is the DTC's wild project...

****FRENCH WOMAN****

It's amazing, I'll enroll my kids!

****OLD MAN****

Leaving kids like that?

****NEWSMAN****

France condemns the DTC as dangerous conspirators. Contact authorities via the QR code... Now, ads.

****MONKEY****

It's heating up for me! I'm outta here, cops!

****TRAILER VOICE****

The initiation, soon on your screens...

(End with "We Don't Need Your Education" by Pink Floyd.)
