

SCENE D'OUVERTURE (Anglais)

(Reggae music. The camera pans over a cluttered desk with an open laptop, frog sketches, and a half-burnt joint. We're in FIRST-PERSON POV of ROOSTER, a lanky 20-something with dreadlocks, drawing a hyper-realistic frog on his screen.)

ON SCREEN: A pixelated frog with dark sunglasses appears, *Matrix*-style. Text fades in: "Wake up, Monsieur Rooster..."

ROOSTER

(jumps, nearly drops his joint)

Oh, shit! I love *The Matrix*, but no way this is real!

FROG (VOICE)

Listen, hippie, put down the joint! Calm down. You're the chosen one, Rooster. You'll free France—and the world—from the Matrix!

ROOSTER

(grinning, takes a drag)

Hell yeah, I *knew* I was special! Wait till Monkey hears this! What do I do?

FROG (VOICE)

No time! They've found me. You must vote... for François Asselineau, Rooster! The world depends on it!

ROOSTER

(frowns)

What?! No way you're telling me who to vote for, that's bullshit! I got you, Monkey!

(A loud laugh erupts from the screen. The frog vanishes, revealing MONKEY, a geeky 20-something in a Final Fantasy T-shirt, controlling the webcam remotely.)

MONKEY

(laughing)

Gotcha! You totally fell for my app hack, dude!

ROOSTER

(smirks, takes another drag)

Pfft, you nerd. Nothing surprises me anymore. Shouldn't you be working instead of messing with me?

MONKEY

Done already, bro. Got a chill month ahead. Catch you on FB—don't smoke it all before I'm back!

ROOSTER

Yeah, yeah, slacker. See ya tonight!

(The call ends. Reggae music fades into an upbeat electronic track.)

NARRATION: MONKEY'S INTRODUCTION (Anglais)

(CUT TO: MONKEY's POV. We see his laptop screen, a monkey head tattoo on his wrist, and a sterile corporate office. He's in a boring meeting, chuckling to himself.)

MONKEY (V.O.)

That slacker? That's me. Jim by day, Monkey by night. Engineer by trade, super-geek by passion. I work for a big company that... uh, makes money?

(MONTAGE: Dull office life—endless meetings, lame Scrum games, mediocre cafeteria. Monkey surfs the web, halfheartedly responds to Jira tickets: “Three months, Stan, I swear.”)

MONKEY (V.O.)

Yeah, my life's boring, but it pays the bills and funds my geeky obsessions.

(CUT TO: Monkey and STAN, his best work bro, laughing at their desks, sending lolcatz videos. They mock DWIGHT, a young corporate suck-up in a suit.)

MONKEY (V.O.)

Stan and I? Geeks pretending to work so we can buy *all* the merch.

(MONTAGE: Deliveries of anime figurines, a Zoro statue, Japanese snacks pile up.)

MONKEY (V.O.)

Not exactly a ladies' man. Naming our department “The Troll Cave” probably didn't help.

(CUT TO: Monkey and PHALOUSS, his gaming buddy, in a smoky room playing World of Warcraft. They look like zombies.)

MONKEY

(tearing up)

Why didn't I activate the Seal of Demonique?! I'm such a noob!

PHALOUSS

(sighs, typing)

Same, man. We gotta stop this game and *live*. Look, the 14th arrondissement's got circus and gym classes. Wanna go?

MONKEY

Hell yeah! Let's ditch this cursed game and breathe some Parisian air!

(CUT TO: Monkey and Phalouss at a circus workshop, flipping on trampolines under KELLY's supervision. The class is mostly young women.)

MONKEY (V.O.)

Fun fact: I'm not your typical geek. After *The Matrix*, I started kung fu at 9. Then *Naruto* got me into ninjutsu. I'm kinda athletic... until weed took over.

(FLASHBACK: Young Monkey practicing kung fu, then ninjutsu. He stops in his teens, lighting a joint.)

MONKEY (V.O.)

The circus class? Went pretty well. And yeah, I wasn't *trying* to understand women... but I wasn't opposed to, y'know, *charming* them.

(CUT TO: Post-class drinks at a bar. KELLY invites Monkey and Phalouss. A girl talks excitedly about her Toulouse trip.)

GIRL 1

I'm heading to Toulouse to see my besties! Got a killer train deal!

GIRL 2

Seriously? How much?!

MONKEY

(mimicking, bored)

Seriously, how much?

(Monkey and Phalouss exchange a look, bored as hell.)

MONKEY (V.O.)

Yeah, not our vibe.

(CUT TO: Monkey and Phalouss walking to the metro.)

PHALOUSS

So?

MONKEY

Boring as fuck, man! Train to Toulouse? Pfft, I've got a legendary dragon that flies from Stormwind to Orgrimmar in *two hours*!

PHALOUSS

Facts! I teleport with my totems! Let's get back to gaming, bro. Real life sucks!

(They sprint to the metro, laughing.)

MONKEY (V.O.)

I was a geek with a heart, searching for my Pam, like in *The Office*. But... women weren't exactly lining up.

(MONTAGE: Monkey striking out with women, including a mysterious woman who says, "Sorry, Jim, I can't be your Pam." He smokes a joint, staring at Notre-Dame.)

MONKEY (V.O.)

So, I decided to leave Paris... for Thailand.

SCENE: THAILAND ADVENTURE (Anglais)

(MONTAGE: Monkey arrives in Bangkok. +1500 XP. Gets an awkward ladyboy massage in a bathroom. +200 XP. Eats spicy street food. +1000 XP. Roams Khao San Road. +600 XP.)

MONKEY (V.O.)

Thailand was a game. Every experience? A quest. The locals? NPCs with wisdom. I wasn't chasing *boobs*—I mean, not *just* that. I was searching for meaning.

(CUT TO: Monkey, wearing a Panama hat, in a Siamese temple garden. He meets KITKAT, a young monk in orange robes.)

KITKAT

Sava di cap! Call me Kitkat. Got questions?

MONKEY

Sava di cap! I'm Jim, but call me Monkey. My dad's Catholic, but I'm skeptical—Jesus stronger than Goku? Nah. I read about Buddhism and love the "present moment" vibe. What's Sangha?

KITKAT

(laughs)

Westerners usually ask about my robe's color or if I only eat rice! Sangha means spiritual community. Everyone's welcome, but it takes spiritual growth. You're young, but I feel you'll find your way.

MONKEY

Me? In a Sangha? Haha, we'll see. Thanks, Kitkat!

MONKEY (V.O.)

Little did I know, the Sangha would change my life... and the world.

(Epic music swells. The White Mirror logo appears with a Loki-style montage of news clips about the Dream Truth Community (DTC). YODA's voice: "Long time, I have waited

for this moment: The D.ream meets D.Truth.” Text: “All characters are divine coincidence. Join the peaceful dream.”)

SCENE: 15 YEARS LATER – DTC VILLA, THAILAND (Anglais)

(CUT TO: A futuristic wooden villa on a Thai island, blending with nature. A 60-meter Buddha statue looms in the distance. MONKEY, now in his 50s, leads a meditation session in lotus pose. Around him: WOLF, PHALOUSS, RACAILLOU, BIRDY, PARROT, and holograms of KATY and GORILLA.)

MONKEY

AUMMMM! Shanti, shanti, shantiii! Meditation’s done! Haha, who’d have thought I’d lead this 30 years ago? Rooster, you can light up now.

(ROOSTER, also in his 50s, lights a joint. An hologram of HANUMAN appears.)

HANUMAN

Hey, little Coq! No smoking Shiva’s power post-meditation!

ROOSTER

C’mon, Hanu, be cool! Krishna said do your best, right?

HANUMAN

(laughs)

You French, always questioning! I bet you’d strike for Dharma justice! Your meditation’s logged in the DTBlockchain. TruthIDs updated. Good night, Dream Truth Seekers!

(The group chants “Hari om tat sat” as Hanuman vanishes in a swirl of lotus petals.)

MONKEY

Alright, before dinner—Rooster, lead a Chandra Namaskar! That’s what you get for smoking!

ROOSTER

What?! I was gonna cook! The bots are great, but I’m better. Ugh, fine...

(KATY’s cat avatar pouts at Rooster. He relents and leads the group in a fluid Chandra Namaskar under the moonlight.)

ROOSTER

(hands clasped)

Moon, we salute you. Protect us from lies and darkness. Guide us to peace and harmony. Hari om tat sat.

MONKEY

FINITO! Time for apéro and Rooster’s bobun with the cook bots! Shotgun!

(The group heads inside. KATY and GORILLA’s holograms vanish.)

FAKE AD: DTC DREAMSTATION (Anglais)

(Parody ad for a futuristic phone touting the “secure” Euro Digital, mocked as flawed. Crypto bros flaunt their dream life, only to get beaten up by prostitutes after losing everything.)

VOICEOVER

Join the Dream Truth Community! #DTC

SCENE: DREAMSTATION RACE (Anglais)

(The group lounges on bamboo chairs, served by robot waiters. MONKEY, joint in hand, gazes at the stars.)

MONKEY

This place is dope, right? Family vibes.

WOLF

(sips whiskey)

Seen better. Like the DTC's W7 domain in Japan—swords, training gear...

MONKEY

True, but I could take you in a D.Sabre duel, champ!

BIRDY

Monkey, you're only good at kung fu and e-foot. Strategy games like WoS or D-Chess? You suck.

KATY

(hologram)

But he's the richest anonymous guy ever!

MONKEY

We're *all* rich, Katty. My rep score's high 'cause I grind for the DTC.

WOLF

Enough talk! I demand a D.Sabre duel!

MONKEY

Another time, Wolfy. Billions watch those. How 'bout a chill Dreamstation race?

Old-school 2030 rules, 10 minutes!

(Everyone agrees. They sit, activating Dreamstation gear—bracelets, rings, and hats project holographic cockpits. A rainbow road forms around the island. A holographic traffic light counts down.)

FAKE AD: D.SPORT PROGRAM (Anglais)

(Two obese teens play Rocket League in a messy room. LUIS ENRIQUE bursts in with a broom.)

LUIS

You call yourselves champions?! Clean this room, then we train! Your mom signed you up for DTC's D.Sport program!

(MONTAGE: Teens exercise, guided by AI holograms of Zidane, Jiraiya, and Bruce Lee. They transform into fit athletes.)

TEEN 1

Thanks to DTC's education, we're physically and spiritually fit. We earn anonymously, no fame pressure. Now, we're prepping for the DT Games—way bigger than the Olympics!

VOICEOVER

Join DTC for your Dreamstation! No stress, no lies, only D.Truth!

FINAL SCENE: PARIS ROOFTOP (Anglais)

(MONKEY and JIM, both in 80s-style 3D glasses, play an invisible game on a Parisian rooftop. The Eiffel Tower glows in the background.)

MONKEY (V.O.)

They're having fun, huh? Hey, Jim! Put the DTGoggles on the camera!

(JIM, wearing Monkey's Panama hat, winks at the camera.)

JIM

This wraps *White Mirror* Episode 0.1! It'll get better with *your* help. Join the Dream Truth Community! Good night!

(JIM places the DTGoggles. The screen reveals Godzilla vs. Mecha Godzilla, fought by Monkey and Jim's Gundams.)

MORPHY (V.O.)

Sleep well... and wake up.

(A red pill appears in a left hand, a blue pill in a right hand.)

MORPHY (V.O.)

Make your choice!

(CREDITS: Stylized character art rolls. Fake credits, then the DTC logo. After 5 seconds of black, PICSOU appears in an animated chair.)

PICSOU

Surprised, eh? I'm hunting a treasure worth over a trillion dollars! And I've got a lead...

(FADE TO BLACK.)

END
