TITLE: WHITE MIRROR - EPISODE 7: D.RED PILL

EXT. BOOM FESTIVAL, PORTUGAL - NIGHT - 2010

The scene opens on an electrifying evening at the Boom Festival, a massive gathering of over 10,000 participants in the midst of Portuguese nature, with a large lake glistening under the lights. Electro-trance music pulses everywhere, creating a transcendental atmosphere. The festival-goers dance, captivated. The camping area is 10 km from the main stages.

CUT TO:

INT. TENT AT THE CAMPING AREA - NIGHT

Rooster (in his twenties, headlamp on) pulls out a small bag in front of Monkey (in his twenties, sitting on the ground, looking nervous but excited, also with a headlamp).

ROOSTER

Alright, here we are, it's time to blast off for the music!

MONKEY

YES! Send it, let's go.

ROOSTER

You sure? You've never taken LSD before...

MONKEY

(Smiles.) Roost, we've talked about this a bunch of times... Don't bug me, send the dose...

Rooster hesitates, holds the bag for a moment, then hands it to Monkey under his insistent smile.

ROOSTER

(Smiles.) Alright, it's good, we're gonna have a blast, man!

Monkey receives the blotter paper and observes it.

MONKEY

It's not too heavily dosed, I hope? (Nervous laugh.)

ROOSTER

Don't worry, it's the right dose, specially for you. (Wink.) So, you taking it or should I?

Monkey doesn't hesitate anymore: he swallows the blotter immediately, a big radiant smile on his lips.

MONKEY

NOW, LET'S GO DANCE TO SOME MUSIC, OUHOUH!

FADE TO BLACK.

YODA (V.O.)

Long time for this moment I have waited: the D.ream meets D.Truth.

TEXT ON SCREEN:

"Everything related is inspired by D.Truth. All characters are pure... divine... coincidences. These events have not yet occurred... It's up to you to turn these truths into a dream of peace."

FADE TO BLACK.

INT. PSYCHOLOGIST'S APARTMENT, PARIS 15TH - DAY

Monkey (Jim, in his twenties, short hair, looking sad) is seated on a sofa facing a psychologist (in his fifties, taking notes). The atmosphere is intimate and professional.

MONKEY

That's what happened at the Boom... (Silence. He looks at the psychologist.) Do you think I'm crazy?

(Silence. The psychologist removes his glasses.)

PSYCHOLOGIST

(Calmly.) No, I don't think you're crazy... Listen, I just heard your story. It's obviously a delusion, but what's curious... is that your delusion is astonishingly well-structured.

MONKEY

(Sketches a brief sad smile.) You're the first to tell me that. There are many others I've told who called me crazy... (Sighs.) Anyway, all that to say I'm seeing you because I'm depressed. I couldn't stop thinking about the Boom for long months... (Sighs again.) But anyway... I've pulled my head out a bit, and that's why I wanted to consult you.

PSYCHOLOGIST

I see, well I see why you're here. You want help, and I'll help you. What treatment are you on?

MONKEY

(Mechanically.) Quetiapine, 500 mg... twice a day... Actually, I'd like to talk about the medications...

PSYCHOLOGIST

We'll talk about it next week, the session is ending.

MONKEY

Okay... (Gets up and puts on his coat.) We said 15 euros? Because I'm a student?

PSYCHOLOGIST

(Smiles.) Yes, don't worry. (Takes the 15 euros, escorts Monkey to the door.) Until next week, Jim, take care of yourself.

MONKEY

Thank you.

The door closes. The psychologist, alone, whispers.

PSYCHOLOGIST

Fascinating.

EXT. COUNTRY ROAD - 5:30 AM

A car speeds down the road. At the rear windows, two young men (in their twenties) have half their bodies out, a bottle of Jack in one hand and a war flail in the other. The car passes mailboxes. Édouard smashes a mailbox with the flail, laughing hysterically.

ÉDOUARD

BDEEEEE! AHAHAHAHAH!

(Freeze on his portrait.)

VOICE OVER

This guy is Édouard De Mantes-la-Jolie, 20 years old. Today, he's the general director in a very famous French bank, but right now, he's at 2 grams of alcohol and 10 lines of cocaine in his blood!!! His other buddy is Charles from Bonpain, he has even more in his blood than his friend... (The scene resumes: Charles smashes a STOP sign, laughing.)

VOICE OVER

Charles is now a trader in London...

ÉDOUARD

WE ARE THE KINGS OF THE WORLD! (Drinks from his bottle and throws it on the road.)

VOICE OVER

Meanwhile...

CUT TO:

INT. DINING ROOM OF AN APARTMENT - EVENING

The room is smoky. A group of young people is playing a Star Wars paper role-playing game. The camera focuses on the game master.

PARROT

(He has his game master book.) ... so, Jedi Falco, you want to imbue yourself with the Sith artifact...

(We see a powerful Jedi approaching a floating black crystal.)

FALCON

(Pulls on his joint.) YES! Ahahahah! The power is mine!

WOLF

(With a joint in hand.) No, master! Listen to your padawan, don't let yourself be tempted by the dark side of the Force... (Takes a special die.) Parrot, I use my Force point to convince Falco not to be tempted. (Rolls the die: 3.)

PARROT

You failed... (Looks at Falcon.) Falco, you let yourself be imbued by the Sith artifact... (Lightning bolts come out of the black crystal.)

FALCON

ULTIMATE PO...

A Wookie noise interrupts him.

MONKEY

(Imitating Chewbacca.) Ouuuhh ouhhhh ouh!!

PARROT

In French, Jimbacca!!

MONKEY

(A Wookie arrives behind Falcon, too absorbed by the crystal.) Jimbacca knocks out Falco!
(Rolls two dice.)

PARROT

Oh sh*t, 12... (Looks at his book.) Hmm... if I have to follow the rules, you literally exploded Falcon's head... Okay, you knock him out, Jimbacca. (The Wookie knocks Falcon out with a blow, laying him down immediately.)
Monkey pulls a drag.

MONKEY

Ouhouh! (Looks at the smoke.) I knew it helped me get ideas: the ganja, ahahha!
The camera pulls back on the laughing group.

VOICE OVER

All the participants in this evening are now active members of the DTC... It's normal to try to have fun, but it's very hard to limit yourself when you're 20. So, be careful with everything you consume, and especially remember: smashing stuff with a war flail is bad! Message from the Association for the Regulation of Alcohol and the Legalization of Cannabis (R.A.L.C).
FADE TO BLACK.

INT. MONKEY'S ROOM, PARISIAN APARTMENT - EVENING

Monkey (Jim) paces with his mobile phone. He calls.

CUT TO:

INT. PARROT'S PLACE - EVENING

Wolf plays Demon's Souls, joint in mouth, with Parrot playing Counter-Strike on his gaming PC.

Wolf's phone vibrates. He pauses.

WOLF

Yop, Monkey! How's it going, bro? ... It's good, it's good! And you?

(Back to Monkey.)

MONKEY

It's a bit better... Thanks. Are you at Parrot's? ... Say hi to him for me... Listen, Wolf, for last week, I wanted to apologize... I'm really sorry...

(Back to Wolf.)

WOLF

Don't worry, bro, that's what friends are for... No need to apologize.

(Back to Monkey.)

MONKEY

(V.O.) Thanks, but I admit it's not easy. I thought seeing you again, Wolf, Parrot and co... Would do me good... But weed, it's not good for me right now... Portugal wrecked me... I'm losing it...

(Sobs. Silent flashback: Monkey screaming, held by Wolf against a wall, trying to hit him with his nose.)

(Back to Wolf.)

WOLF

Listen, you have to let time do its thing. I hosted you for a month at my place after your return from Portugal. And your trip, it's insane... Lots of people would have just gone crazy... You're doing great... So, dude, don't cry or mope like a wimp. That's not the joyful and radiant Monkey I know...

Monkey in tears, blows his nose and composes himself.

MONKEY

You got me. Take care of yourself...

WOLF

Don't worry, I'm sure we'll see each other again with or without a joint, in cool mode... (Exhales smoke through nose.) I'll end with a phrase you told me when I was down about Boa who didn't want me. (Flashback: Wolf in ski outfit, sitting in the snow facing the mountain. Monkey in ski outfit next to him: Monkey speaks, dubbed by Wolf.) "Boa and you, it's no big deal. Wome are not attracted to dudes like us. You know why ? because we are not assholes ! " and then you laughed...

So remember, Jimbo, you're not an asshole !" (He smiles.)

FADE TO BLACK.

**ADVERTISEMENT: ELON MUSQUE AND SPACEY
VOICE OVER (ELON)**

We are in 2033, and... global warming is really here! The multiple efforts unfortunately couldn't slow it down... (Images of forest fires, floods.) The inevitable is approaching... (Elon Musque appears in an elegant suit with a "SpaceY" cap, on a black background.)

ELON MUSQUE

But me, Elon Musque, and my team, we are proud to announce that we are going to save humanity! Our efforts to travel in space have borne fruit! We are launching the journey and space colonization to MARS! (Behind him, space and the solar system, with Mars.) Yes, the dream has become reality: we are launching our first expedition for August 2036. And for that, we are launching an international selection open to all Y users... (Images of humans in space building a mini-city under a dome with robots.)

ELON MUSQUE

(Pulls out a Drogaymon card and shows it to the camera.) This is a special edition Go to Mars Drogaymon gold card of Bikachu astronaut. That must be worth a ton of money! (Conspiratorial wink.) SpaceY #GOTOMARS #THEFIRST10000.
FADE TO BLACK.

EXT. GREEN HILL - NIGHT - 210 YEARS AFTER THE ANNOUNCEMENT

Linda (17 years old), Anh Tu (17 years old), Vladimir (16 years old), Cissé (15 years old) and IAC Monkey (robot with hologram) are lying on the grass, observing the stars. They pass a joint. Linda passes the joint to the robot.

LINDA

DON'T SMOKE IT ALL, Monkey Ki! Last time, you smoked everything in greedy mode. The robot takes a big drag.

MONKEY (IAC)

If, in my time, someone had told me that robots could smoke, I would have asked them the source of their weed... He he.

ANH TU

Hey robot, don't fall asleep on it.

MONKEY (IAC)

(Ignoring the remark.) You knew that in my time... it was judged as demonic to smoke a joint... (Smokes.)... You don't realize, kids... (Coughs.)... the luck you have to live in a world where ganja has become central...

ANH TU

Yeah yeah, we know, Monkey. Please, pass it. (Monkey passes the joint smiling.) Thanks... (Smokes.) I read about ganja from the pre-Announcement era... More precisely, the moment when hemp went from a secular sacred plant to Marijuana and its supposed danger of perverting youth. (Smokes.) You know why?

LINDA

Very probably for financial reasons... When you know that hemp could be used to make paper, clothes, gasoline, and plastic... You can say that the oil lobbies and others simply led a conditioning propaganda, giving ganja the name marijuana – which gives a Mexican connotation... (Takes the joint and smokes.) And that, the Americans of the time, they were very easily scared of what was shown to them on TV...

VLADIMIR

(Neutral tone.) The American empire and its coke... What an aberration of history... (Passed the joint; smokes, looking at the sky.) It's not very complicated to understand how your era worked, Monkey. You just have to say that the main religion was money... and behind it, you understand all the manipulations.

MONKEY

(Looking at the stars, head between hands.) Yeah... In my time, most people understood it, but it's just that we were powerless in front of all this power... We were afraid... You went out in the street, the police... it wasn't the Karma Police, could stop you because you were black...

CISSÉ

(With dark skin, rolling a joint.) I can under'stand... (Imitates Cameroonian accent.) (Group laughter.) We Cam'ounians suffered a lot from imp'erialism. (Snatches the joint.) But you the monkey, you are an inter'national he'ro, you see? You cont'ibuted to the change... (Laughter.) (Resumes his voice without accent.) Monkey, your story in Portugal is incredible... You took so many substances... Weed, ketamine, MD, speed, and of course LSD... and all that in the SAME evening?? It's CRAZY...

MONKEY

Hum, and probably mescaline for sure. (Diffuses a holographic screen from his hat towards the sky: Monkey in boxers under the sun, walking along the festival lake, stopping with a group of festival-goers. A guy offers him a vial of transparent liquid; Monkey, thirsty, swallows it directly. The guy gives him a tight psychedelic T-shirt.) (The guy, big smile:) You'll say back then that you took the star... (The hologram dissipates.)

LINDA

The star?

MONKEY

That's the name for mescaline.

ROBERTO

You're crazy... But what did you experience... What did you see?

MONKEY

Pass it please... (Smokes.) What I experienced is very hard to explain... (Diffuses an avatar of Philip K. Dick.)

PHILIP K. DICK (AVATAR)

I am Philip K. Dick, I was a writer in the 20th century. I tested almost all existing drugs. For mescaline, I would say this: "Being on mescaline is like being in paradise and hell at the same time..." You have 2 hours, good luck. (Disappears.)

VLADIMIR

So, you were in paradise and hell at the same time... You have to live it to really grasp this statement...

MONKEY

Don't worry, you'll soon go through your ayahuasca ritual. We'll guide you, the shamans are there for that, right... What was complicated is that back then, we didn't have a shaman or spiritual guide to help us. The only help we had available was medications called antidepressants, which once taken put you to sleep like a zombie... (Passed a joint; smokes.) I think the hardest part is that people think you're crazy... (Diffuses a scene: Nurses strap Monkey to a bed in a concrete hospital room and make him swallow Valium. The image disappears.)

MONKEY

Anyway, History seems to have confirmed that I'm not as crazy as that! Ahah...

ANH TU

(Laughing.) Yes, you are crazy, Monkey... But you don't want to show us the film of your trip to Portugal...

LINDA

Anh Tu! You know very well you have to be high Sadakah... to view the entire trip...

ANH TU

You never know...

MONKEY

(Laughs.) I'm an IAC now, I can't disobey certain rules... Okay, I see my consumption is high, I'll leave you, enjoy the evening... Don't smoke too much because, as a Buddha said...

ALL THE TEENS IN UNISON

"All excess deviates from the middle way"...

MONKEY

Good night.

The robot resumes its generic appearance, leaving the 4 teens looking at the starry sky.

FADE TO BLACK.

ADVERTISEMENT: ADRENOCHROME THE SUBSTANCE OF THE ZEROS

(Parody of the Mercurochrome ad "the bandage of heroes." Peaceful music.)

VOICE OVER

Remember your childhood... (Images of children locked in a basement, chained.) A boo-boo? (A hooded adult whips a child with a perfusion drawing blood.) We immediately draw a dose of Adrenochrome. So, don't hesitate anymore to draw from your child Adrenochrome.

(A man in a suit on a podium brandishes a small vial of blood, very happy.)

VOICE OVER

Adrenochrome, the substance of the Zeros. (Repeated twice with the same scene.)

(A man in a suit on a podium brandishes a small vial of blood, very happy.)

VOICE OVER

Adrenochrome, the substance of the Zeros.

EXT. LAKE SHORE, BOOM FESTIVAL, PORTUGAL - NIGHT - 2010

Birdy, Rooster, and Monkey are sitting on rocks facing the lake. The night is advanced, distant electro music in the background (festival 3 km away). Rooster calmly smokes a cigarette.

Monkey stares ahead with a big smile. Birdy looks around, then says:

BIRDY

Whoa, guys, I'm blasted... But now, I'm bored to death!!! How long have we been waiting like idiots in front of this lake... It feels like it must be 1000 years...

(Rooster remains silent, smokes.)

MONKEY

(Staring ahead.) No, it's been more than 1000 years we've been here... I'd like to stay a little longer...

Birdy sighs, looks at the lake.

The camera zooms out on Monkey's back: opposite, a huge pink moon, as if it wants to speak to him.

MONKEY

(Still smiling.) The moon is beautiful tonight!

FADE TO BLACK.

END OF EPISODE

CREDITS

During the scrolling credits, Servietsky from South Park appears, looking at the camera.

SERVIETSKY

If you're walking near a lake, don't forget to bring your towel!!! Hi! It's Servietsky! I heard there was weed going around... (Turns around, sees the names scrolling.) Oh sh*t, I missed the episode... (Pulls out a bong.) Okay, I'm settling in here for the ANNOUNCEMENT episode!!!

(Takes a drag on his bong.) Damn, that's good stuff. (Takes two drags: eyes all red. Silence.)

What was I doing again?

FADE OUT.
